Targeted projects Internship (Innovation)

ABOUT EIT URBAN MOBILITY

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

EIT Urban Mobility is an initiative of the European Institute of Innovation and Technology (EIT). Since January 2019 we have been working to encourage positive changes in the way people move around cities in order to make them more liveable places. We aim to become the largest European initiative transforming urban mobility. Co-funding of up to € 400 million (2020-2026) from the EIT, a body of the European Union, will help make this happen.

	<i>We create systemic solutions that will move more people around the city more efficiently and free up public space.</i>
	<i>We bring all key players in urban mobility together to avoid fragmentation and achieve more.</i>
	<i>We engage cities and citizens from the word go, giving them the opportunity to become true agents of change.</i>

MAIN DUTIES

EIT Urban Mobility is looking for an intern for the Innovation department's new "**targeted projects programme**" that will address the gaps in Innovation's existing project portfolio and respond to new and emerging technologies. The intern will support the programme's initial phases and support the selection, development, and monitoring of the Programme's first targeted projects.

The intern will report directly to the Targeted Projects Manager for day-to-day line management and strategic direction.

EIT Urban Mobility's Innovation's role is to bring new innovations to the market and to create more liveable urban spaces. The Innovation team currently has 18 staff members in headquarters and five Innovation Officers in Innovation Hubs across Europe. The team is planned to grow with 30-40% in 2023.
