1. Overview of EIT Urban Mobility

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

EIT Urban Mobility is an initiative of the European Institute of Innovation and Technology. Since January 2019 we have been working to encourage positive changes in the way people move around cities in order to make them more liveable places. We aim to become the largest European initiative transforming urban mobility. Co-funding of up to € 400 million (2020-2026) from the EIT, a body of the European Union, will help make this happen.

*We create systemic solutions that will **move more people around the city more efficiently and free up public space.***

*We bring **all key players in urban mobility together** to avoid fragmentation and achieve more.*

*We **engage cities and citizens** from the word go, giving them the opportunity to become true agents of change.*

The EIT KIC Urban Mobility S.L.U. delivers breakthrough innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of more than 50 top European corporations, SMEs, start-ups, universities and research institutes constituted into the EIT Urban Mobility Association.

As a Knowledge and Innovation Community (KIC) of the European Institute of Innovation and Technology (EIT), the EIT KIC Urban Mobility S.L.U. is focused on entrepreneurship and is at the forefront of integrating education, research and business by bringing together students, researchers, engineers, business developers and entrepreneurs. This is done in a pan-European network of Co-Location Centers (CLCs), 5 Limited Liability Companies respectively based in Germany, Czech Republic, Denmark, the Netherlands and Spain.

We create systemic solutions that will move more people around the city more efficiently and free up public space. We bring all key players in urban mobility together to avoid fragmentation and achieve more.

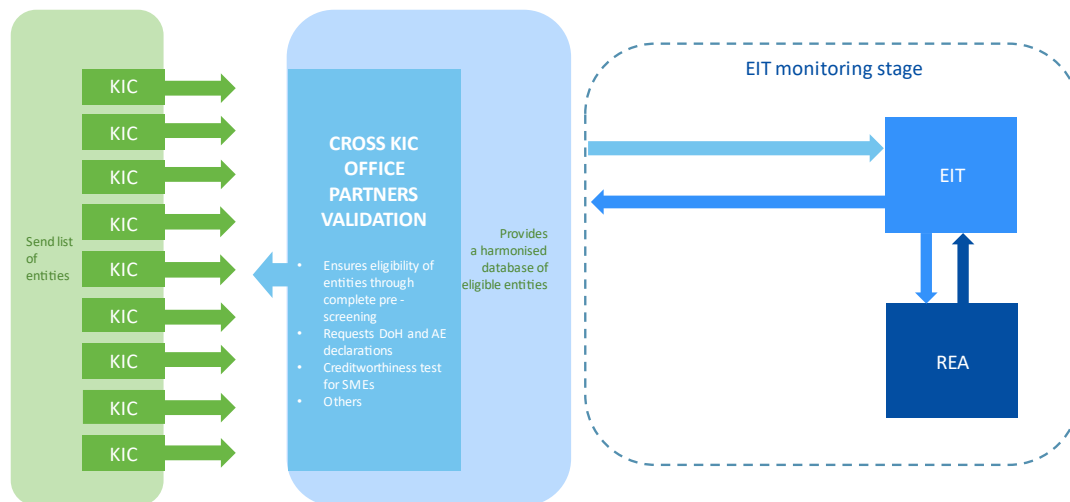

2. General objectives and scope of work

2.1. General objectives

EIT Urban Mobility and the other 8 Knowledge and Innovation Communities (KICs)¹ are delivering their innovative solutions together with different actors (e.g. SMEs, universities, research institutions, public entities, local/regional/national authorities, etc.), who receive financial support through subgrants to implement the awarded activities. All KICs will need to ensure that the entities receiving their subgrants are eligible and comply with the minimum requirements set also for beneficiaries of Horizon Europe grants.

According to the new grant management framework, KICs will be responsible for the eligibility check of all entities receiving an EIT subgrant. This major change encouraged all KICs to cooperate in a Cross-Kick initiative supervised by the EIT and with the EIT Urban Mobility KIC as coordinator, in order to provide a unique “partner onboarding service” in charge of the eligibility check of all entities receiving a EIT subgrant.

Partners onboarding shared service: overview of process

¹ Namely, EIT Climate-KIC, EIT InnoEnergy, EIT Digital, EIT Food, EIT Health, EIT Raw Materials, EIT Manufacturing and EIT Culture & Creativity.

The eligibility check of the entities receiving financial support from all 9 KICs will ensure that entities can carry out the tasks part of the subgrant agreement, according to the provisions requested by EIT.

According to this, the “Partner Onboarding Service” should be provided by a single provider or by a consortium able to perform a full eligibility check to all entities receiving an EIT subgrant and ensure the maintenance of an existing IT database, for the storage of the entities’ supporting document and for the access and exchange of the information among KICs and Partner Onboarding Service, as detailed in the following section.

2.2. Detailed scope of work

In accordance to the Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012, all recipients of EU funds (‘participants’) must be validated and that they have sufficient financial and operational capacity to carry out the action.

The selected provider is expected to arrange meetings with EIT UM, EIT and the KICs to know their needs and afterwards will prepare a proposal of a sound management process, tasks and ancillary documents. This proposal shall include a detailed list of checks following the needs of the KICs.

2.3. Work Packages

2.3.1 Definition of validation methodology

The provider should define a methodology for the entity validation in alignment with the EU funds participation rules, ensuring also, when requested, a sound evaluation of the financial and operational capacity of entities in carrying out the actions linked to the grand assignation.

The basis of the validation methodology lay on the Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment document - https://ec.europa.eu/info/funding-tenders/opportunities/docs/2021-2027/common/guidance/rules-lev-lear-fca_en.pdf as follows:

1. Legal Entity Validation to verify the existence of the participant as legal entity and that participant’s legal data is correct (legal form, address, etc.) and verify eventually special legal statuses that are used in EU funding programmes. To be requested to all entities with a declared PIC.

2. LEAR appointment to verify the documents providing the empowerment of the legal representative. To be requested to all entities with a declared PIC.
3. Financial assessment to verify if the participants have sufficient financial capacity to implement their project/tender. To be requested only to lead coordinators with a budget over 500,000 EUR.

Considering this general framework, the provider should deliver a process and methodology to:

- a) Collect and verify truthfulness and consistency among requested documents
- b) Analyse the financial documents according to a set of financial indicators based on the financial capacity self-check proposed by the Funding & Tender Portal Opportunities - Online Manual - [Financial capacity assessment - Online Manual - Funding Tenders Opportunities \(europa.eu\)](#)

2.3.2 WP 1 Partners Onboarding service

The “Partners Onboarding Service” is expected to perform specific checks on lists of entities provided by the KICs, based on a pre-defined due diligence checklist per type of entity. The type of checks can be requested also according to the need of a KIC (e.g., for a public authority requesting a grant for less than 60,000 EUR, a KIC can request the minimum check, while another KIC can request the regular non business if the entity is requesting over 60,000 EUR subgrant from that KIC).

The different types of checks are summarised in the table below.

		Minimum	Regular non-business	Regular business
Checks for PIC status Declared		<ul style="list-style-type: none"> ▪ Legal entity identification (LEF) form without supported documents ▪ LEAR Form 	<ul style="list-style-type: none"> ▪ Legal entity identification (LEF) form with supported documents ▪ LEAR Form ▪ Official VAT document + registration doc. 	<ul style="list-style-type: none"> ▪ Legal entity identification (LEF) form with supported documents ▪ LEAR Form ▪ Official VAT document + registration doc.
	Checks for PIC status Validated	<ul style="list-style-type: none"> ▪ Optional declarations (Affiliated Entities) ▪ Declaration of Honour 	<ul style="list-style-type: none"> ▪ <i>Financial capacity assessment documents*</i> ▪ Declaration of Honour ▪ Optional declarations (Affiliated Entities) 	<ul style="list-style-type: none"> ▪ <i>Financial capacity assessment documents*</i> ▪ Declaration of Honour ▪ Optional declarations (Affiliated Entities) ▪ Creditworthiness of private entities

** This check will be performed only in a limited number of cases (i.e. according to HE rules, for lead coordinators with a budget over 500,000 EUR)*

Entities will be recognised by their 9-digit Participant Identification Code (PIC) generated by the [Participant Register](#).

The first step of the eligibility check is to ensure if the PIC is only declared or validated, through the Participant Register [Search page](#). In case of declared PICs, all checks outlined above need to be undertaken. In case the PIC is validated, only the checks listed in the light blue field should be undertaken.

To perform this task, the service should collect documentary evidence in the different languages of the (EU and non-EU) countries involved. Due to the peculiarity of the information and the cross-check involved, a legal background is expected by the service provider.

Templates for forms and declarations are provided by EIT Urban Mobility together with a process management handbook that outlines the overall process and the steps to be taken to perform the tasks. The indicative process and timelines will be defined together with all KICs.

The main aim of the service is to onboard the entities as part of the KICs community, by requesting and validating the provided documentation.

Once an entity has been “onboarded”, the information is saved in a database, accessible to all KICs through credentials. The same entity won’t be onboarded again throughout the 2023-2025 period.

Summarising, the following types of checks can be performed:

1. **Minimum check:**
 - a. Legal entity identification (LEF) form without supported documents, LEAR Form, Affiliated Entity declaration, if applicable, official VAT document (with registration doc.)
 - b. Declaration of Honour

2. **Entities with PIC already validated:**
 - a. Declaration of Honour
 - b. Optional declarations:
 - i. i.e. Affiliated Entities
 - ii. Financial assessment documents (only in very limited cases)
 - iii. Creditworthiness of private entities (if applicable)

3. **Entities with only a declared PIC:**
 - a. Legal entity identification (LEF) form with supported documents, LEAR Form, Affiliated Entity declaration, if applicable, official VAT document (with registration doc.)
 - b. Declaration of Honour
 - c. Optional declarations
 - i. Financial assessment documents (only in limited cases)
 - ii. Creditworthiness of private entities (if applicable)

The “checks” should consist of:

- A. **Checks related to the PIC validation and financial assessment:** trustfulness of the information, completeness and correctness of the data (in all documents), legal personality, reliability of the financial information by spotting e.g. challenging situations, possible overexposure, qualification for EIT funding, etc.
- B. **Checks related to the declarations:** consistency and correctness of the information.
- C. **Creditworthiness:** checks can be performed through the subscription to dedicated services that inform of the credit scoring of the participant according to first rate Scoring agency (Dun & Bradstreet, Axesor, etc.). Such results should be included in the database.

The signature of the documents should be requested digitally through the IT database, to be specifically developed for the task.

Overall, all KICs might be requesting the validation of around 800/600 entities per year, with different levels of checks. Averagely, around 95% of the entities are from an EU Member State, of which half comes from countries representing the most spoken EU languages. Since peaks of requests might arrive on certain months only (e.g., autumn), the Onboarding Service shall ensure that deadlines and timing are always respected.

A yearly audit on the alignment to the process will be carried out by an external audit company, coordinated by EIT Urban Mobility and all other KICs.

Furthermore, the service provider will need to create a visual info package on the partners onboarding to be used by all KICs for information purposes. The service provider should also be available to attend (mainly virtual) meetings with partners to explain the onboarding process.

Due to the potential legal and financial consequences linked to the result of the validation, the service provider shall agree and include in the relevant contract the obligation to indemnify the KICs and their directors, officers and employees harmless against any and all damages, reductions, claims, losses, penalties, fines, legal fees and related costs, and any other costs, fees, amounts or fees stemming from the failure of the service provider to perform its duties and services in compliance with the terms of the agreement to be signed with KIC LE. Accordingly, the service provider shall take out an insurance to cover its potential liabilities.

2.4.IT Requirement

The provider should support the service by using an existing Sharepoint application (front-end and back-end), which will need to be further adjusted to the purpose of the service. The Sharepoint tool and its further improvements and/or revisions belong to EIT.

The provider must provide the Sharepoint application's hosting and ensure that the corresponding policies and best practises are applied. GDPR compliance will be required. Additionally, the service provider is expected to define the different user profiles and manage the corresponding access rights to the platform's content. Managing the access rights, according to the requirements from the EIT or the coordinating KIC, the service provided must guarantee data confidentiality.

The service provider is expected to provide guarantee of data security. At least a 2-level redundancy will be required to ensure business continuity.

Since the tool to manage the service was built in Microsoft's Sharepoint, and some upgrades will be required before the service is available, technical knowledge and capacity about the mentioned technology is required. Appendix 1 provides some screenshots of the currently used IT database.

The tool upgrades will be detailed in the formal contract, however no major modifications in the short-term will be expected. For illustrative purposes, the following modifications may be required:

- Aesthetic modifications in the front-end
- Review of the import and export functions
- New user administration panel
- Electronic signature (e.g. Adobe Sign, etc.)
- Other functional upgrades (such as direct access to a central database of supporting documents provided by the partners associated to the partner PIC, quick view of documents and tick box for provided documents in the export file).

Finally, the KICs community is deploying or will deploy common IT systems built around a cloud ERP system. The service provider may be required to support a potential transformation and/or migration of the tool into a new environment.

2.5. Methodology of work

Once the contract is awarded, EIT Urban Mobility will organise a meeting with the service provider, the KICs and EIT within one week from the signature of the contract to explain the rationale of the work, the legal requirements, the tasks, deadlines.

Within two weeks from the meeting, the service provider should draft a final methodology to be submitted to EIT UM and presented in an online meeting with the other KICs. The methodology should contain the following elements:

- Details of checks to be performed included in the defined processes (checklist per type)
- Parameters to be used for financial checks
- Checklist and parameters of creditworthiness checks

Furthermore, the service provider should outline the handover process to be performed before the end of the contract.

The methodology needs to be approved by all KICs before the tasks kick off.

EIT Urban Mobility and EIT will provide a training to the service provider on the types of checks and on the use of the IT database.

The validation process will consist of:

- Elaborating the information per entity to be included in the related documents (i.e. which documents to be requested), with the support of the automated functions of the IT database:
 - Generation of filled-in templates according to the type of check to be performed
 - Creation of e-signatures for some documents

- Emailing the request to the entity and requesting the complete feedback within a specific timeframe
- Once the documents have been submitted by the entity, the check will focus on the completeness and trustfulness of the information, correctness of the data (in all documents), legal personality, reliability of the financial information by spotting e.g. challenging situations, possible overexposure, qualification for EIT funding, etc.
- When the documents have been considered accepted/ compliant, the IT database will have to be updated accordingly.
- In case of missing or incorrect data/documents or insufficient information, a further request of completion will be sent to the entity
- Request a basic financial assessment for each business entity from a credit scoring agency (such as Dun & Bradstreet, etc.) enter the specific information in the database and send the relevant documentation to the corresponding KIC.

One month from the signature of the contract, the IT database should be updated and fully functional and ready to be used. This will be supported by a guidance for using the database according to all needed functions. The service provider will then grant maximum 5 credentials per KIC. Constant maintenance and developments will be performed throughout the duration of the contract, according to the needed requirements (e.g. inclusion of an e-signature, automatic emailing, etc.). The IT database will remain property of the EIT.

The service provider should provide a short training for the use of the IT database with the guidance document and a self-explanatory presentation. In case of changes in the functions, the guidance and presentation should be modified accordingly. A team member from the service provider should be assigned as SPOC for this service.

KICs will access the information visualised in the IT database and updated by the service providers stemming from the checks.

A lesson learned activity will be carried out by the service providers after the first year of implementation and it will be shared with EIT Urban Mobility, who will ultimately decide the possible related modifications.

Short video and a short visually attractive presentation on the partners onboarding will be prepared by the service provider on month 5. In case of changes in rules, such video and presentation should be modified accordingly.

A team member from the service provider should be always available to attend (mainly virtual) meetings, if requested by any KIC.

2.6. Deliverables

The following deliverables will be produced by the service provider.

No.	Delivery type	Deadline
1	Final methodology	3 weeks from the signature of the contract
2	Monthly report with the number and type of checks finalised in the given month (extract from the IT database). This will be used for initiating the related payment	Within the first week of the following month of reference
3	Short video on partners onboarding for partners	Within 45 days from the signature of the contract
4	Presentation on the partners onboarding for partners	Within 45 days from the signature of the contract
5	Guidance document on the IT database	Within 45 days from the signature of the contract
6	Short presentation to guide users on all the database functions	Within 45 days from the signature of the contract
7	Yearly report on the types of checks performed	By 15 January of the following year
8	Lesson learned report listing the possible proposed new changes in the methodology	Every six months

2.7. Location, timing and planning

2.7.1 Start date & period of implementation

The intended start date is 17th April 2023 and is expected to last till 31 December 2025.

EIT Urban Mobility intends to use the direct award procedure with the winner of the present procedure for covering the needs of additional 12 months in the course of 2026 - 2027 once the budget is known and all resources of the present contract are used up.

2.7.2 Location

This project doesn't have a specific office location during the implementation – the provider should mainly work from any base of operation. We intend to work under a virtual environment as an organisation. Video conferences and telephone conferences are preferred options for team meetings.

On a needed basis, the provider can be called for specific assignments either to EIT Urban Mobility or its Innovation Hubs or to its partners or any other project site designated by EIT Urban Mobility. All costs borne for such travels shall be subject to reimbursement detailed later by EIT Urban Mobility if justified.

2.7.3 Payment terms

Available maximum fund for the requested services in is 810,000 EUR (VAT excluded).

- FY2023 243,000 EUR estimated value
- FY2024 243,000 EUR estimated value (subject to the agreement and proven results)
- FY2025 243,000 EUR estimated value (subject to the agreement and proven results).

EIT Urban Mobility reserves the right not to sign the contracts of the 2024 or 2025 in case there are no available funds, or a low performance has been delivered during the contract of 2023 and 2024.

The services should be invoiced for each year in accordance with the performance and prior to 31 December of the corresponding year.

In Payment shall be made upon the acceptance of the invoice.

3. Proposal Process

3.1.Proposal Schedule

	DATE
Publication of RfP on Website	27 February, 2023
Deadline for submitting proposal	29 March, 2023
Intended date of notification of award	5 April, 2023
Stand still period	10 days
Intended date of contract signature	15 April, 2023
Intended start date of the contract implementation	17 April, 2023

3.2. Participation

Participation in this procedure is open to all interested applicants.

3.3. Submission of proposal

Proposals are requested to be emailed in written form, **in English** to the following address until **the deadline of 29 March 2023** , 16:00 Central European Time, to:

Contact name: For the attention of Ms. Alessandra PALA, (Head of PMO) at EIT URBAN MOBILITY.

E-mail: procurement@eiturbanmobility.eu

The proposal shall contain:

- a. The technical response to the services requested (see Section 2.2: 'Detailed scope of work')
- b. The financial offer (the price for the service) further detailed with prices per type of checks as detailed on page 7. The financial offer must be presented in **EUR**. The price must be indicated as net amount, excl. VAT)

The email including the proposal from the bidder should be sent and delivered by 29 March 2023, 16:00 Central European Time.

- Proposal must be submitted in proper (legibly) scanned and non-editable PDF, which is accessible without entering a password.
- Proposal must be signed by the tenderer.
- Proposal will be deemed timely submitted, if it is received by EIT Urban Mobility by the submission deadline. All risks associated with the delay or loss of the proposal shall be borne by the Tenderer only. EIT Urban Mobility will deem proposal received after the submission deadline invalid.
- Proposal should be concise and clear. The tenderer's proposal will be incorporated into any contract that results from this procedure. Tenderer is, therefore, cautioned not to make claims or statements that they are not prepared to commit to contractually.
- The tenderer represents that the individual submitting the natural or legal entity's proposal is duly authorized to bind its entity to the proposal as submitted. The tenderer also affirms that it has read the request for proposals and has the experience, skills and resources to perform, according to conditions set forth in this proposal and the tenderers' proposal.

3.4. Minimum requirements

The following documents and declarations are to be submitted together with the tender by the tenderer (in case of a group of tenderers, this applies to each member). In order to be considered valid, proposals must include:

- Tender Submission form and Tender declaration form (Annex 2 and 3) together with supporting documents evidencing the legal name of the Tenderer (copy of the official documents showing the name of the natural person or legal person, the address of its head office, and the registration number given to it by the national authorities);
- Proposal which includes; (1) description of the methodology for starting and implementing the task, 2) CV of proposed team and (3) description of the IT tool proposed, its functionality and GDPR compliance.
- Bidders must provide their comments in writing to the contract agreement terms of EIT UM (Annex 1). Any amendment requests after the tender submission deadline and the notification of award shall not be accepted or discussed. EIT UM is not obliged to accept any amendment requests, proposed modifications nor contract templates.

3.5. Validity of the proposal

Tenderers are bound by its proposal 30 days after the deadline for submitting the proposal or until they have been notified of non-award.

The winners must maintain its proposal for a further 30 days to close the contract.

Proposals not following the instructions of this Request for Proposal can be rejected by EIT Urban Mobility.

3.6. Additional information before the deadline for submitting proposals

The instructions to the tenderers should be clear enough to avoid the tenderers having to request additional information during the procedure. In case the tenderer is in need of additional information, please address it to the address below.

Contact name: for the attention of Ms. Alessandra PALA, (Head of PMO) at EIT URBAN MOBILITY.

E-mail: procurement@eiturbanmobility.eu

EIT Urban Mobility has no obligation to provide clarification if decides.

3.7. Cost for preparing proposals

No costs incurred by the tenderers in preparing and submitting the proposal are reimbursable. All such costs must be borne by the tenderer.

3.8. Ownership and confidentiality of proposals

EIT Urban Mobility retains ownership of all proposals received under this tendering procedure. Proprietary information identified as such, which is submitted by tenderer in connections with this procurement, will be kept confidential.

The potential or actual suppliers should accept that during the implementation of the contract and for four years after the completion of the contract, the CA has the right for the purposes of safeguarding its financial interests that the proposal and the contract of the suppliers may be transferred to internal as well as external audit services.

3.9. Clarification related proposals

After submission of the proposal, it shall be checked if it satisfies all the formal requirements set out in the proposal dossier. Where information or documentation submitted by the tenderer is or appears to be incomplete or erroneous or where specific documents are missing, the CA may request the tenderer concerned to submit, supplement, clarify or complete the relevant information or documentation within an appropriate time limit.

4. Evaluation of proposals

4.1. Exclusion criteria

The Tenderers will be excluded from participation in the current procedure, if:

- a) it is bankrupt, subject to insolvency or winding-up procedures, where its assets are being administered by a liquidator or by a court, where it is in an arrangement with creditors, where its business activities are suspended, or where it is in any analogous situation arising from a similar procedure provided for under national laws or regulations;
- b) it has been established by a final judgment or a final administrative decision that the Tenderer is in breach of its obligations relating to the payment of taxes or social security contributions in accordance with the applicable law;
- c) it has been established by a final judgment or a final administrative decision that the Tenderer is guilty of grave professional misconduct by having violated applicable laws or regulations or ethical standards of the profession to which the Tenderer belongs, or by having engaged in any wrongful conduct which has an impact on its professional credibility where such conduct denotes a wrongful intent or gross negligence, including, in particular, any of the following:
 - i. fraudulently or negligently misrepresenting information required for the verification of the absence of grounds for exclusion or the fulfilment of selection criteria or in the performance of a contract;
 - ii. entering into agreement with other Tenderers with the aim of distorting competition;
 - iii. violating intellectual property rights;
 - iv. attempting to influence the decision-making process of the contracting authority during the procurement procedure;
 - v. attempting to obtain confidential information that may confer upon it undue advantages in the procurement procedure;
- d) it has been established by a final judgment that the Tenderer is guilty of fraud, corruption or money laundering.

4.2. Award criteria

The EIT UM will award the contract to the tenderer who submitted the most advantageous technical and financial proposal based on best value for money based on the following criteria (including the weighting assigned to them). The quality of each proposal will be evaluated in accordance with the below mentioned award criteria.

The award criteria will be examined in accordance with the requested service/support indicated in Section 2 of the document, and ensure best value for money by applying the below equation. The technical score is calculated based on the assessment rating below:

DESCRIPTION	SCORE

The applicable award criteria will be weighted as follows:

- A. Technical content: 60%
- B. Financial offer: 40%

Aggregate evaluation and scoring:

- A. Technical content (maximum weighted score: 60%)
 - Evaluation of the technical content will be carried out following the below sub-criteria:
 - I. Technical capacity of the Tenderer (maximum score: 80)
- B. Financial offer (maximum weighted score: 40%)
 - The financial offer must be presented in EUR. Prices must be indicated as net amount, excl. VAT.
 - the financial offer must be presented according to the Submission form (in Annex 2).
 - The lowest offered price shall receive the highest score (30), others shall be calculated in relation to that in linear equation.

EIT UM during the evaluation shall establish ranking among the proposals based on the level of their detailedness and harmony with Section 2.

4.3. Selection of the suppliers

The final selection of the suppliers will be based on the best price-quality ratio principle. The best price-quality ratio is established by weighing technical quality against price on an 60%/40% basis, i.e.

Total technical score: max. 80 (weight: 60%)

Total financial score: max. 30 (weight: 40%)

Total score: max. ... (total technical score x 0,6 + total financial score x 0,4)

The winners shall be the one with the highest total score summed from technical and financial scores, and that tenderer shall be proposed for the contract.

The successful and unsuccessful tenderers will be informed in writing via email about the result of the award procedure.

4.4. Signature of contract(s)

The tenderers will be informed in writing (via email) about the result of the award procedure.

For the contract, the template in Annex 1 shall apply.

Within 3 days of receipt of the contract from EIT Urban Mobility, the selected tenderer shall sign and date the contract and return it to EIT Urban Mobility.

4.5. Cancellation of the proposal procedure

In the event of cancellation of the proposal procedure, EIT Urban Mobility will notify the tenderers of the cancellation. In no event shall EIT Urban Mobility be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a proposal procedure, even if EIT Urban Mobility has been advised of the possibility of damages.

4.6. Appeals / Complains

Tenderers believing that it has been harmed by an error or irregularity during the award process may file a complaint. Appeal should be addressed to EIT Urban Mobility. The tenderer has 3 days to file their complaint from the receipt of the letter of notification of award.

4.7. Ethics clauses / Corruptive practices

EIT Urban Mobility reserves the right to suspend or cancel the procedure, where the award procedure proves to have been subject to substantial errors, irregularities, or fraud. If substantial errors, irregularities, or fraud are discovered after the award of the Contract, EIT Urban Mobility may refrain from concluding the Contract.

The suppliers shall take all measures to prevent any situation where the impartial and objective implementation of the contract is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). He should inform EIT Urban Mobility immediately if there is any change in the above circumstances at any stage during the implementation of the tasks.

4.8. Safeguarding of EU's financial interest

The potential or actual suppliers should accept that during the implementation of the contract and for four years after the completion of the contract, EIT Urban Mobility has the right for the purposes of safeguarding the EU's financial interests, the proposal and the contract of the suppliers may be transferred to internal audit services, EIT, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office.

Annex 1 – Service Agreement

SERVICE AGREEMENT

This Service Agreement (“Agreement”) is hereby made by and between:

EIT Urban mobility /UM/ [EIT Urban Mobility s.l.u], a private limited company, having its registered office and place of business at [Pere IV, 362. 08019, Barcelona. Spain], with company registration number [Temporary registration number: 118237] and VAT number [B67513630], legally represented herein by [name of representative], acting as [position of the representative]; hereinafter referred to as: the ‘**Contracting Party**’;

and

[Company name], a private limited company, having its registered office and place of business at [Company’s address], with company registration number [Company’s registration number] and VAT number [Company’s VAT number], legally represented herein by [name of representative], acting as [position of the representative]; hereinafter referred to as: the ‘**Supplier**’;

Hereinafter jointly referred to as: the ‘Parties’ or individually as a “Party”;

WHEREAS:

EIT UM is an association whose funds are used to promote innovation, entrepreneurship and education in the field of urban mobility;

EIT UM has launched a procurement procedure for the performance of certain Services described in Annex 1 to this Agreement, via a tender referred to in Annex 1 (“**EIT UM Tender**”) and Supplier has been selected as Service Provider for EIT UM for such Services, based on Supplier’s Offer as referred to in Annex 1.

Supplier has knowledge and experience in performing the aforementioned Services described in Annex 1, on the basis of a temporary engagement (hereinafter: the ‘**Services**’);

Supplier is willing and able to provide the Services to EIT UM, as further provided for in this Agreement;

NOW, THEREFORE, THE PARTIES HAVE AGREED AS FOLLOWS:

Structure of the Agreement and precedence

This Agreement consists of the body of this Agreement and Annex 1 attached to this Agreement.

The body contains standard general provisions applicable to all Services purchased by EIT UM from Supplier under this Agreement.

Annex 1 contains the description of the Services and the time schedule for the delivery of such Services (extracted from Supplier's Offer), as well as additional specific conditions and details adapted to the type of Services purchased by EIT UM from Supplier under this Agreement.

Both the body and Annex 1, as well as the EIT UM Tender (as referred to in Annex 1) form the Agreement.

In case of discrepancy between the description of Services and time schedule in the EIT UM Tender and the description of Services and time schedule in Annex 1, the EIT UM Tender shall prevail. In case of discrepancy between a provision in the body and a provision in Annex 1, the provision in the body shall prevail unless the deviating provision in Annex 1 states expressly that it is specifically agreed by both Parties as being in deviation of a specific provision of the body and refers clearly to the provision of the body concerned.

Ordering of Services, non-applicability of Supplier's (standard) terms and conditions

Supplier does not commit to provide the Services exclusively to EIT UM, unless and to the extent provided in Annex 1 for certain specific types of Services.

The contractual relationship between EIT UM and Supplier shall solely be governed by the terms and conditions of this Agreement. EIT UM is therefore not bound by and expressly rejects Supplier's general conditions of services and any additional or different terms or provisions that may appear on any proposal, quotation, price list, acknowledgment, invoice, packing slip or the like used by Supplier.

Performance of the Services, organization, quality, timely delivery, subcontracting, reporting of progress, acceptance, changes

With due observance of the other provisions of the Agreement, Supplier shall perform the Services specified under Annex 1 for EIT UM under this Agreement, within the time schedule specified under Annex 1.

Supplier agrees to perform the Services by exercising due skill, speed and care, at a level generally required of well-reputed Suppliers in the same field as the one covered by this Agreement and shall make every effort to the best of Supplier's abilities to serve the interests of EIT UM as much as possible.

Supplier is free to organise the way it provides the Services and the timing thereof autonomously and at its own discretion without supervision or authority of EIT UM, (i) provided the Services are performed accurately and diligently and in accordance with the requirements of this Agreement, including the timely delivery of the Services as specified under Annex 1, and (ii) subject to specific requirements as may be stated in Annex 1 regarding the way the Services shall be provided. Supplier may conduct its business activities from its own premises but may be requested to operate from EIT UM's premises whenever it is necessary for the performance of the Services. Supplier shall arrange their own travel, should they need to travel in order to perform the Services. When performing the Services, Service Provider shall use its own tools

and materials, work forces. Supplier shall be fully responsible for the proper execution of this Agreement in all respects.

Supplier shall use personnel who possess the qualifications and experience necessary for the performance of the Services. Additional requirements relating to personnel may be provided in Annex 1, as the case may be.

Unless otherwise specifically provided under Annex 1, Supplier may subcontract part of the provision of the Services to subcontractors, provided such subcontractors are contractually bound by similar obligations as under this Agreement, and provided Supplier has disclosed the elements of the Agreement to be subcontracted and the identity of the relevant subcontractor to the subcontracting. Supplier remains at all times responsible for the work performed by its subcontractors and for the acts, defaults and negligence of such subcontractors, and no subcontract shall create any contractual relationship between any subcontractor and EIT UM. Additional requirements relating to subcontracting may be provided in Annex 1, as the case may be.

In order for EIT UM and Supplier to monitor the proper performance of the Services throughout the Term of the Agreement, Supplier shall report to EIT UM progress of the performance of the Services, in writing, at intervals and under conditions specified under Annex 1. Supplier shall provide EIT UM with time sheets describing the tasks performed by Supplier and the time spent on each task, pursuant to the regularity provided under Annex 1 and pursuant to the time sheet template provided by EIT UM separately.

If, for whatever reason, Supplier is not able to perform the agreed Services, or is not able to meet the deadlines agreed in Annex 1, Supplier shall notify EIT UM hereof promptly in writing, and shall take any reasonable measure to mitigate the consequences of such situation, in agreement with EIT UM.

Services delivered are subject to the acceptance of EIT UM. EIT UM shall issue a Performance certificate after completion of Services. Should EIT UM fail to reject part or all of the Services provided within 15 (or other deadline set forth in Annex 1) calendar days as from such delivery, on the grounds of a lack of quality or compliance, or because of late delivery, Services shall be considered as accepted. Should EIT UM reject a Service (within the above deadline) because of lack of quality or compliance, and such failure is capable of remedy, Supplier shall re-perform the rejected (part of the) Service promptly (but no later than 5 days in absence of any further instructions) at no additional charge for EIT UM. Should such failure be not capable of remedy (given the type of Service and/or the extent of the failure) or should the delivery have occurred after an essential delivery deadline which renders the Service irrelevant or useless, the Services at stake shall be considered as rescinded, and EIT UM is not obliged to provide any compensation to Supplier for such Services.

Modifications to the Services and/or other provisions of this Agreement may only be agreed by the Parties as per the EIT UM procurement rules, i.e. if:

mutually agreed in writing, and

the need for modification has been brought about by circumstances which a diligent contracting entity could not foresee; and

the modification does not alter the overall nature of the contract; and

any increase in price is not higher than 25 % of the original value of the Agreement. In addition, if several successive increases in price would be agreed, the total cumulating of such successive increases shall not exceed 25% of the original value of the Agreement; and

modifications above 10% of the original value of the Agreement should only amend specific conditions of the Agreement and be made by way of an amendment to this Agreement signed by both Parties.

Compensation, invoicing and payment, expenses

Supplier is entitled to charge, in respect of Supplier's Services as described under Annex 1, the compensation specified in Annex 1 per Service.

Supplier may only charge the amounts under Section 4.1. corresponding to the delivered Services, after acceptance of such Services by EIT UM.

Further, Supplier may only charge the amounts under 4.1. subject to (i) EIT UM having received a correct invoice bearing the essential elements below, (ii) all relevant Progress Reports relating to the delivered Services so invoiced having been properly delivered to EIT UM in a timely manner and accepted by EIT UM in writing (as the case may be).

An invoice shall be considered as correct when containing the following essential elements:

the name and address of Supplier

the VAT identification number of Supplier

the VAT identification number of EIT UM

the name and address of EIT UM

the invoice number

the invoice date

the date on which the Services were supplied (provided EIT UM S has accepted them pursuant to this Agreement)

the quantity and type of goods supplied (if applicable)

the nature and type of Services supplied

the following data for every VAT tariff or exemption:

the price per piece or unit, excluding VAT

any reductions that are not included in the price

the VAT tariff that has been applied

the cost (the price excluding VAT)

in case of advance payment: the date of payment, if this is different from the invoice date

the amount of VAT

By deviation to Section 4.2., Supplier may charge the amounts under Section 4.1., at the beginning of each (quarterly, monthly or other) period specified in Annex 1, if such alternative is specifically agreed by EIT UM in Annex 1. In such a case, requirements of Section 4.3. shall apply to each regular invoice.

The payment term applying to Supplier invoices fulfilling the requirements of this Section 4 is fixed in Annex 1.

All amounts corresponding to the compensation per Service, as fixed in Annex 1, shall be fixed tariffs, which may not be revised during the Term of this Agreement, unless specifically provided otherwise in Annex 1 (and within the limits of the price revision mechanisms authorised under the procurement procedure).

Supplier may charge expenses to EIT UM, to the extent Annex 1 provides for such possibility. Expenses shall only be paid if EIT UM has given its written approval prior to Supplier incurring said costs.

If Supplier fails to fulfil any of its obligations under the Agreement, EIT UM may suspend payment to Supplier, upon notice to Supplier.

Supplier hereby unconditionally accepts that EIT UM has the right to set off any amount that EIT UM owes to Supplier under this Agreement, with any amount Supplier owes to EIT UM under this Agreement or any other agreement.

Taxes, other contributions, no employment agreement and related indemnification

All tariffs are gross amounts but exclusive of any value added tax (VAT), sales tax, GST, consumption tax or any other similar tax ("**Taxes**").

If the Services under this Agreement are subject to any other Taxes, Supplier may charge such Taxes to EIT UM, which taxes shall be paid by EIT UM in addition to the compensation for Supplier. Supplier is responsible for paying any applicable Taxes to the appropriate (tax) authorities.

In addition to Section 5.1. and 5.2., all social security, fiscal charges or taxation of any kind and contributions of any kind including but not limited to value added, levies, withholdings, unemployment, medical insurance and insurance of any kind, pensions, national insurance contributions and social security benefits, as imposed by any law, accommodation and travel costs, living expenses, or other expenses and charges arising from this Agreement, will be the exclusive responsibility of Supplier, who must pay such taxes, charges, any kind of expenses and contributions directly to the competent authorities or employees (as the case may be) (altogether called “**Contributions**”).

Supplier shall perform the Services hereunder as an independent contractor and not as an agent of EIT UM and nothing contained in the Agreement is intended to create a partnership, joint venture or employment relationship between the Parties irrespective of the extent of economic dependency of Supplier on EIT UM.

Supplier shall indemnify and keep EIT UM harmless from any claims from any authority for payment of any Contributions, including all interest charged in respect thereof, surcharges and possible administrative fines in connection with the Services performed by Supplier on the basis of the Agreement.

Due to the potential legal and financial consequences linked to the result of the validation, the Supplier agree to indemnify the KICs and their directors, officers and employees harmless against any and all damages, reductions, claims, losses, penalties, fines, legal fees and related costs, and any other costs, fees, amounts or fees stemming from the failure of the service provider to perform its duties and services in compliance with the terms of the Agreement. Accordingly, the service provider shall take out an insurance to cover the risk of such potential liabilities.

Intellectual property, ownership and licensing, IP infringement indemnification

“**Intellectual Property Rights**” or “**IP**” shall mean patents, utility certificates, utility models, (industrial) design rights, copyrights, database rights, trademarks, trade names and trade secrets, including moral rights and any applications, renewals, extensions, combinations, divisions, discontinuations or re-issues of the foregoing.

Unless expressly specified otherwise in Annex 1, should the performance of the Services entail the delivery of (written) advice, reports or any other materials or results (“**Deliverables**”), the ownership of any Intellectual Property Rights in such Deliverables shall be vested in EIT UM.

In addition to Section 6.1., any item provided by EIT UM (or by a third party designated by EIT UM on behalf of EIT UM) and used to perform the Services and/or embedded in the delivered Services, shall at all times remain the ownership of EIT UM S. Supplier shall have no right, title or interest in any of these items nor any trademark or trade name from EIT UM.

By exception to Section 6.1., Intellectual Property Rights owned or controlled by Supplier before the start of the performance of the Services shall remain the ownership of Supplier (“**Background IP**”).

Supplier hereby grant a non-exclusive, royalty-free and fully paid-up, worldwide, irrevocable and perpetual license under its Background IP used for the performance of the Services, to EIT UM, with the right to sublicense, for the use, make, have made, build-in, market, sell, lease, license distribute and/or otherwise dispose of the Services and/or Deliverables.

Supplier shall not, without EIT UM’ prior written consent, publicly make any reference to EIT UM, whether in press releases, advertisements, sales literature or otherwise.

Unless expressly specified otherwise in Annex 1,

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, partners, contractors and employees in respect of any and all claims, damages, costs and expenses (including but not limited to loss of profit and reasonable attorneys’ fees) in connection with any third party claim that any of the Services alone or in any combination or their use infringes any third party IPRs, or, if so directed by EIT UM, shall defend any such claim at Supplier’s own expense. By “Affiliate” is meant any and all companies, firms and legal entities with respect to which now or hereafter EIT UM, directly or indirectly holds 50% or more of the nominal value of the issued share capital or 50% or more of the voting power at general meetings or has the power to appoint a majority of directors or otherwise to direct the activities of such company, firm or legal entity, including but not limitedly through a domination agreement.

EIT UM shall give Supplier prompt written notice of any such claim, provided, however, any delay in notice shall not relieve Supplier of its obligations hereunder except to the extent it is prejudiced by such delay. Supplier shall provide all assistance in connection with any such claim as EIT UM may reasonably require.

If any Services alone or in any combination, provided under the Agreement are held to constitute an infringement or if their use is enjoined, Supplier shall, as directed by EIT UM, but at its own expense: either 1) procure for EIT UM or its users the right to continue using the Services alone or in any combination; or 2) replace or modify the Services alone or in any combination with a functional, non- infringing equivalent.

If Supplier is unable either to procure for EIT UM the right to continue to use the Services alone or in any combination or to replace or modify the Services alone or in any combination in accordance with the above, EIT UM may terminate the Agreement and upon such termination, Supplier shall reimburse to EIT UM the price paid, without prejudice to Supplier’s obligation to indemnify EIT UM as set forth herein.

Confidentiality, documents

Confidential Information means any and all proprietary and/or confidential data and information, such as but not limited to commercial and/or technical information, that EIT UM, its Affiliates or representatives may disclose directly or indirectly, whether in writing or any other form, to Supplier that is related to the Service, which (a) is marked as “confidential” or “proprietary” or words of similar import when disclosed, and (b) is orally disclosed and is summarized and

described as confidential in a writing that is delivered to Supplier within fifteen (15) days of disclosure.

During the period beginning on the Effective Date and continuing for a period of five (5) years thereafter (the “**Confidentiality Period**”), Supplier agrees not to: (i) use EIT UM’ Confidential Information for any purpose other than for the Service; and (ii) disclose EIT UM Confidential Information to any third party, except to its employees and other persons under its supervision that are operating within its organization, including without limitation, its Partners’ employees who (A) have a legitimate “need to know” to accomplish the Service, and (B) are obligated to protect such Confidential Information pursuant to terms and conditions not less restrictive than those contained in this Agreement. Supplier shall protect EIT UM’ Confidential Information as required hereunder using the same degree of care, but no less than a reasonable degree of care, as Supplier uses to protect its own confidential information of a like nature.

Supplier’s obligations above shall not apply to any data or information that it can prove: (a) is lawfully available to EIT UM, prior to the time of receipt from EIT UM as verified by written records; (b) is or becomes publicly available without violation of this Agreement or any other obligation of confidentiality and through no act or omission of Supplier; (c) is lawfully furnished to Supplier by a third party without use or disclosure restrictions; or (d) is developed by Supplier without use of or reference to any of EIT UM’ Confidential Information. Furthermore, a disclosure by Supplier that is required pursuant to any judicial or governmental proceeding shall not be considered a breach of this Agreement, provided that Supplier promptly after learning of such action shall notify, to the extent permitted by applicable law, EIT UM thereof to give Supplier the opportunity to contest disclosure or to seek any available legal remedies to maintain such information in confidence.

Supplier is not permitted - alone or with or through others – to remove, dispatch, transmit or allow any third parties to inspect, use or otherwise have access to any property belonging to EIT UM or any of its Affiliates, including but not limited to any notes, drawings, letters, formulas, recipes, other documents and/or any copies thereof, tools, designs, products manufactured or (copies of) computer files or other data carriers, unless EIT UM has given its prior written permission to any such action.

EIT UM shall remain the owner of all property it has made available to Supplier in connection with this Agreement.

Supplier shall make all property belonging to EIT UM (or its Affiliates) such as, but not limited to any notes, drawings, letters, formulas, recipes, other documents and/or copies of such matters, tools, models, finished products, (copies of) automated files or other data carriers, which come into its possession during the term of this Agreement, available to EIT UM in good condition immediately upon initial request, but in any case on the day on which the Agreement ends.

Personal data

For the purpose of this Agreement,

“**Personal Data**” shall mean any and all information relating to an identified or identifiable individual, including but not limited to EIT UM current or former employees, employee family

members, dependents or beneficiaries, customers, consumers, suppliers, business partners or contractors;

“Processing” shall mean any operation or set of operations performed or to be performed upon Personal Data, whether or not by automatic means, such as creation, access, collection, recording, organization, storage, loading, employing, adaptation or alteration, retrieval, consultation, displaying, use, disclosure, dissemination or otherwise making available, alignment or combination, blocking, erasure or destruction (hereinafter also referred to as a verb **“Process”**).

Where Supplier in the performance of the Agreement Processes Personal Data, then Supplier agrees and warrants that Supplier shall:

comply with all privacy and data protection law and regulations applicable to its Services;

Process Personal Data only (i) on behalf of and for the benefit of EIT UM, (ii) in accordance with EIT UM’ instructions, and (iii) for the purposes authorized by this Agreement or otherwise by EIT UM, and (iv) insofar necessary for the Services rendered to EIT UM and as permitted or required by law;

maintain the security, confidentiality, integrity and availability of the Personal Data;

implement and maintain appropriate technical, physical, organizational and administrative security measures, procedures, practices and other safeguards to protect the Personal Data against (i) anticipatable threats or hazards to its security and integrity; and (ii) loss, unauthorized access to, or acquisition or use of or unlawful Processing; and

promptly inform EIT UM of any actual or suspected security incident involving the Personal Data.

To the extent that Supplier allows a (sub)contractor to process the Personal Data, Supplier shall ensure that it binds such (sub)contractor to obligations which provide a similar level of protection, but in no way less restrictive, as this Section 8.

Supplier shall, upon the termination of the Agreement, securely erase or destroy all records or documents containing the Personal Data. Supplier accepts and confirms that it is solely liable for any unauthorized or illegal processing or loss of the Personal Data, if Supplier fails to erase or destroy the Personal Data upon termination of the Agreement.

Supplier shall indemnify and hold harmless EIT UM, their officers, agents and personnel from any damages, fines, losses and claims arising out of a breach of this Section 8.

Liability, indemnification, insurance

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, agents and employees, from and against all suits, actions, legal or administrative proceedings, claims, demands, damages, judgments, liabilities, interest, attorneys’ fees, costs and expenses of whatsoever kind or nature (including but not limited to special, indirect, incidental, consequential damages), whether arising before or after completion of the performance of the Services covered by the Agreement,

in any manner caused or claimed to be caused by the acts, omissions, faults, breach of express or implied warranty, breach of any of the provisions of this Agreement, or negligence of Supplier, or of anyone acting under its direction or control or on its behalf, in connection with Services or any other information furnished by Supplier to EIT UM under the Agreement.

Supplier warrants that it has taken out sufficient insurance against the aforementioned damage, costs and interest, or has made a sufficient provision for this purpose and is obliged to fully disclose to EIT UM immediately upon initial request all the (policy conditions of the) aforementioned insurance(s) and/or provisions. Supplier shall indemnify EIT UM and shall pay its insurance proceeds to EIT UM and furthermore indemnify for the excess amount of the total claim of damages that is not covered by the insurance of Supplier or any other insurance. EIT UM shall be entitled to take legal action against Supplier.

Neither Party excludes or limits its liability for death or personal injury arising from its own negligence, fraud, breach of confidentiality or for any liability that cannot by law be excluded or limited.

Subject to Section 9.3 In no event shall EIT UM be liable under any theory of liability, for indirect, incidental, special, consequential or punitive damages, which includes without limitation damages for lost profits or revenues, lost business opportunities, loss of image or lost data, even if EIT UM has been advised of the possibility of such damages and in no event shall EIT UM be liable to Supplier, its successors or assigns for damages in excess of the amount due to Supplier for complete performance under the Agreement, less any amounts already paid to Supplier by EIT UM.

Subject always to Section 9.3., depending on the nature of the Services and the liability risk associated therewith, a cap to the liability of Supplier under this Agreement may apply only if expressly mutually agreed in writing in [Annex 1](#).

Suspension, termination of the Agreement

The Agreement is entered into as from the Effective Date specified in [Annex 1](#) and shall end by operation of law, without the requirement of prior notice of termination, on the date the last of the Services have been delivered by Supplier, accepted and paid by EIT UM (“**Term**”).

As an exception to the above, EIT UM may suspend, withdraw, dissolve or terminate this Agreement fully or partially with immediate effect without incurring any penalty or compensation if and as soon as:

Supplier breaches any of its material obligations under this Agreement and, notwithstanding a written request from EIT UM to repair the current breach and to take appropriate measures to prevent such a breach in the future, fails to comply with such a request within a reasonable deadline fixed by EIT UM in the notice; or

EIT UM, in its reasonable discretion, determines that Supplier is not able to perform the Services as required; or

Supplier fails to provide EIT UM with adequate assurance of performance following request by EIT UM; or

Supplier files a petition for bankruptcy or is declared bankrupt; or

Supplier has become unable to pay its debts as they fall due or make any special arrangement(s) or composition with its creditors;

Supplier enters into voluntary or judicial liquidation;

the business of Supplier ceases to exist or control or ownership is taken over by a third party;

as a result of the termination of the European Programme(s) which requested EIT UM to enter into this Agreement (as the case may be).

As from receipt of a termination notice from EIT UM (under any legal ground), Supplier shall take immediate steps to bring the terminated Services to a closure in a prompt and orderly manner and to reduce expenditure to a minimum.

Supplier may, after giving 14 calendar days written notice to EIT UM, terminate the Agreement if EIT UM:

Fails for more than 120 calendar days to pay Supplier the amounts due after the expiration of the payment term stated in Section 4; or

Consistently fails to meet its material obligations after repeated reminders; or

Suspends the progress of the Services or any part thereof for more than 90 calendar days for reasons not specified in the Agreement, or not attributable to Supplier's breach or default.

Safeguarding of EU's financial interest and conflict of interest

Supplier accepts without reservation that during the implementation of the Agreement and for four (4) years after the completion of the Agreement, EIT UM has the right for the purposes of safeguarding the EU's financial interests, the tender proposal and the Agreement with Supplier may be transferred to internal audit services, the EIT, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office ('safeguarding the EU's financial interests').

Supplier confirms that it shall take all measures to prevent any situation where the impartial and objective implementation of the Agreement is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). The contractor is obliged to inform EIT UM immediately if there is any change in the above circumstances at any stage during the implementation of the tasks under the Agreement.

Miscellaneous

All notices given under this Agreement shall be given in writing. Any subsequent change of address shall be promptly notified by the Party concerned to the other Party and embodied in an amendment to the preamble of this Agreement.

In the event that Supplier is prevented from performing any of its obligations under the Agreement for reason of force majeure (being an event unforeseeable and beyond the control of Supplier) and Supplier has provided sufficient proof for the existence of the force majeure, the performance of the obligation concerned shall be suspended for the duration of the force majeure. EIT UM shall be entitled to terminate the Agreement with immediate effect by written notice to Supplier, immediately if the context of the non-performance justifies immediate termination, and in any event if the circumstance constituting force majeure endures for more than thirty (30) days and, upon such notice, Supplier shall not be entitled to any form of compensation in relation to the termination. Force majeure on the part of Supplier shall in any event not include shortage of personnel or production materials or resources, strikes, not officially declared epidemic or pandemic, breach of contract by third parties contracted by Supplier, financial problems of Supplier, nor the inability of Supplier to secure the necessary licenses in respect of software to be supplied or the necessary legal or administrative permits or authorizations in relation to the Services to be supplied.

Supplier shall not transfer, pledge or assign any of its rights or obligations under the Agreement without the prior written consent of EIT UM. Any such pre-approved, transfer, pledge or assignment shall be null and void and have no effect vis-à-vis such third party.

The rights and remedies reserved to EIT UM are cumulative and are in addition to any other or future rights and remedies available under the Agreement, at law or in equity.

Neither the failure nor the delay of EIT UM to enforce any provision of the Agreement shall constitute a waiver of such provision or of the right of EIT UM to enforce each and every provision of the Agreement.

No course or prior dealings between the parties, no course of performance, and no usage of the trade shall be relevant to determine the meaning of the Agreement and to modify the provisions of this Agreement.

No waiver, consent, modification or amendment of the terms of the Agreement shall be binding unless made in a writing specifically referring to the Agreement signed by EIT UM and Supplier.

In the event that any provision(s) of this Agreement shall be held invalid, unlawful or unenforceable by a court of competent jurisdiction or by any future legislative or administrative action, such holding or action shall not negate the validity or enforceability of any other provisions of the Agreement. Any such provision held invalid, unlawful or unenforceable, shall be substituted by a provision of similar import reflecting the original intent of the clause to the extent permissible under applicable law.

All terms and conditions of the Agreement which are destined, whether express or implied, to survive the termination or the expiration of the Agreement, including but not limited to Intellectual Property, Confidentiality and Personal Data, shall survive.

The Agreement shall be governed by and construed in accordance with the laws of the country or state in which the EIT UM ordering entity is located, as applicable.

Supplier and EIT UM each consents to the exclusive jurisdiction of the competent courts in (i) the country or state in which the EIT UM ordering entity is located; or (ii), at the option of EIT

UM, the jurisdiction of the entity of Supplier to which the order was placed, or (iii), at the option of EIT UM, for arbitration in which case Section 12.12. applies. Supplier hereby waives all defences of lack of personal jurisdiction and forum non-convenience.

If so chosen by EIT UM in accordance with Section 12.11, any dispute, controversy or claim arising out of or in connection with this Agreement, or their breach, termination or invalidity shall be finally settled solely under the International Chamber of Commerce Rules of arbitration, which Supplier and EIT UM declare to be known to them. Supplier and EIT UM agree that: (i) the appointing authority shall be the ICC-International Chamber of Commerce of Paris, France; (ii) there shall be three (3) arbitrators; (iii) arbitration shall take place in the jurisdiction of the EIT UM entity mentioned in the recitals or, at the option of EIT UM, the jurisdiction of the Supplier's entity mentioned in the recitals; (iv) the language to be used in the arbitration proceedings shall be English; and (v) the material laws to be applied by the arbitrators shall be the laws as determined under Section 12.10.

The United Nations Convention on International Sale of Goods shall not apply to the Agreement.

TENDERER'S DECLARATION

Dear Sir/Madam,

In response to your letter of invitation for the above contract I, < Name and position of authorised representative of the firm>, hereby declare that we:

are submitting this tender for this contract. We confirm that we are not participating in any other tender for the same contract in any form (as in a consortium or as an individual candidate);

we also confirm that we shall take all measures to prevent any situation where the impartial and objective implementation of the contract is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). We will inform the Contracting Authority immediately if there is any change in the above circumstances at any stage during the implementation of the tasks;

we accept that during the implementation of the contract and for four years after the completion of the contract, the supplier must keep confidential any data, documents or other material that is identified as confidential at the time it is disclosed ('confidential information').

we accept that during the implementation of the contract and for four years after the completion of the contract, the Contracting Authority has the right for the purposes of safeguarding the its financial interests, the proposal and the contract of the supplier may be transferred to internal as well as external audit services.

We understand that if the information provided is proved false, the award may be considered null and void.

Yours faithfully,

<Signature of authorised representative>
