1. Register and apply

1.1 PIC and PIF registration

Before starting a proposal, all applicants (Project Leader and consortium partners) must register on the following two platforms:

- **STEP 1:** The first step an organisation must take, in order to be able to apply for an EIT Urban Mobility call, is to register in the [EU Funding & Tender Portal](#) and obtain a **valid PIC number**. If an organisation has already a PIC number, there is no need to register again.

If you don't know if your organization already has a PIC number, you can verify directly on the EU Portal ([click here](#)) whether your organisation is already registered.

- **STEP 2:** Once an organisation has a valid PIC number, it will be possible to register in the EIT UM NetSuite Platform, by submitting the **Partner Information Form (PIF)**.

If in a few hours, after submitting the PIF form, you don't receive an automatic e-mail with the log-in credentials, please contact the EIT UM Service Desk servicedesk@eiturbanmobility.eu.

Be also aware that, registration of an entity in the submission tool, can take **up to two working days**. To avoid complications, we strongly recommend that all project partners complete their registration in NetSuite several days prior to the submission deadline. EIT Urban Mobility staff may not have the capacity to handle last-minute registration requests, therefore early preparation is crucial.

NB: Organisations that previously participated in an EIT Urban Mobility project, and therefore are already registered in the PLAZA platform, should not submit a PIF form. Instead, please contact the EIT UM Service Desk servicedesk@eiturbanmobility.eu: you will be then provided with the credentials to access the new NetSuite platform.

- **STEP 3:** access the [EIT Urban Mobility NetSuite platform](#) and find all our open calls under "Menu" --> "Call for Proposals" --> "Open Calls"

The following documentation must be submitted by the Project Leaders **through NetSuite** no later than **22 April 2025, 17:00 CET**:

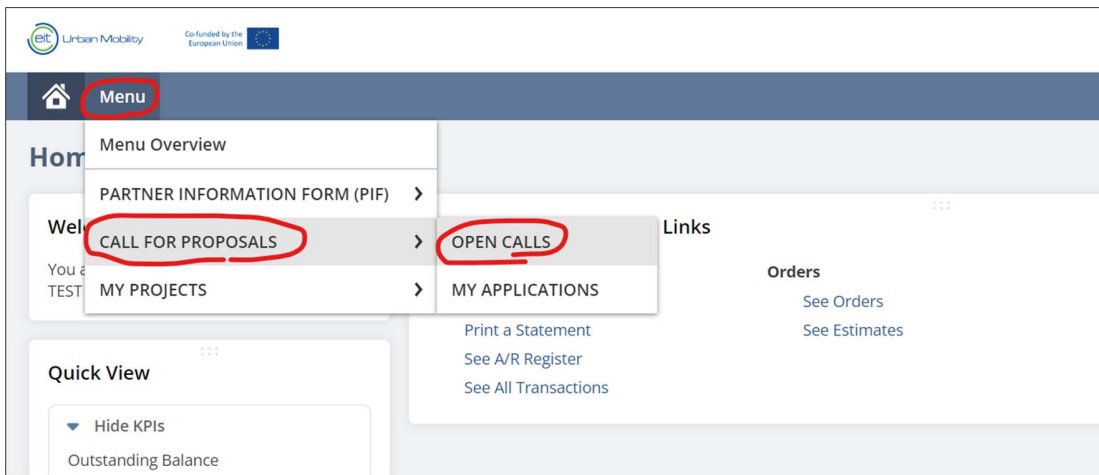

- Application Form
- Letter of Intent when applicable
- Optional: Annexes to the application form (figures, graphics, photos etc.)

Any proposals submitted after the deadline will be inadmissible.

Please carefully read the registration and submission processes outlined in the *Guidelines for Applicants* document published on the call webpage.

1.2 Search for open calls and apply

Once you land on the **homepage of the portal**, click on the menu, Call for Proposals, Open Calls:

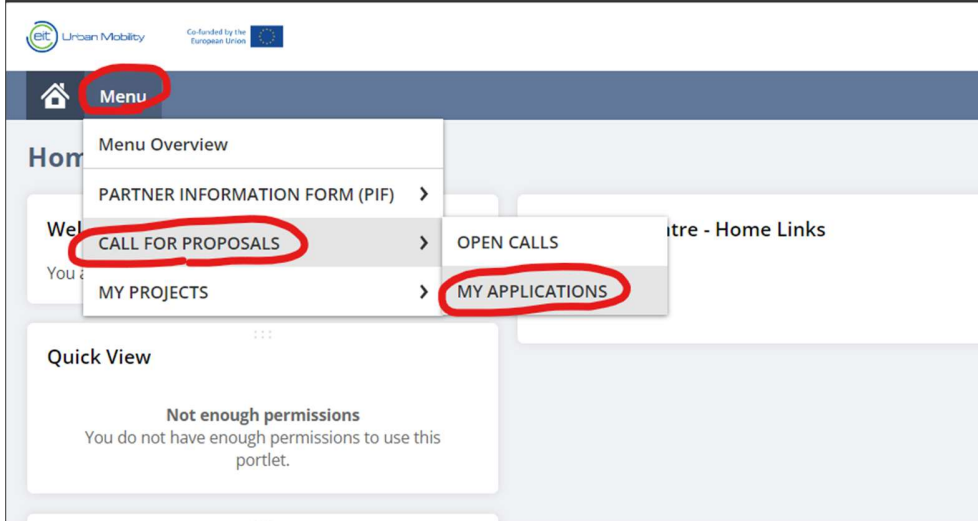

You will see the list of all EIT Urban Mobility Calls currently open. Choose **Enhance New European Bauhaus Open Call 2025** from the list and click on the “**apply**” icon:

APPLY	CFP PROGRAM NAME	DESCRIPTION	CALL URL	CALL LAUNCH DATE	CALL CLOSURE DATE	STATUS
	CFP Program #2	This call is launched for testing purposes		14/07/2023	10/08/2025 6:00:00 AM	Running
	TEST CFP Program	description of the call	https://www.eiturbanmobility.eu/	14/07/2023	10/08/2025 6:00:00 AM	Running

Once you click on “apply” a new Application Form (AF) is created and you will be able to start filling it in with all the information of your project. The AF is divided into six different tabs, each containing a set of information.

Once you start working on your AF, we recommend you save **often**, especially when you move from one tab to another.

You will be able to find your draft application as shown here below. In the “My applications” section, you can also see if your application is still in draft or was submitted.

The screenshot shows a navigation menu with the following items:

- Menu Overview
- PARTNER INFORMATION FORM (PIF) >
- CALL FOR PROPOSALS** > OPEN CALLS
- MY PROJECTS > **MY APPLICATIONS**

Below the menu, a 'Quick View' section displays the message: "Not enough permissions. You do not have enough permissions to use this portlet."

Other CFP

2. Main Information

The ID proposal number is automatically assigned by the system when you first save your proposal.

You have to select the main challenge addressed by your proposal from the dropdown list below:

* Main challenge addressed

Please select it from the dropdown list.

1. Re-connecting with nature
1. Re-connecting with nature
2. Re-gaining a sense of community and belonging
3. Prioritising the people and places that need it the most
4. Prioritising the need for long-term, life cycle and integrated thinking in the industrial ecosystem

If your proposal addresses another challenge, please select a second one from the dropdown list below (optional):

Other challenges addressed

Please select it from the dropdown list.

3. Prioritising the people and places that need it the most
1. Re-connecting with nature
2. Re-gaining a sense of community and belonging
3. Prioritising the people and places that need it the most
4. Prioritising the need for long-term, life cycle and integrated thinking in the industrial ecosystem

Your proposal must comply with at least one of the expected outcome targets from the dropdown list below:

* Please identify the most selected outcome

Outcome A: Increasing, amplifying or consolidating the project's impact in the same location by further developing co-creation methodologies and broadening target groups ensuring a more holistic and sustainable approach.

Outcome B: Increasing, amplifying or consolidating the project's impact beyond the former site at a new location (e.g. neighbourhood/district/town/city/region, etc.) by replicating/transferring the activities in/to a new location.

Outcome B
Outcome A

In addition, your proposal must meet at least one of the following expected outputs from the dropdown list below:

* Please identify the selected output

Please select it from the dropdown list.

OUTPUT 1: Products or services (including rapid product prototypes)
OUTPUT 1: Products or services (including rapid product prototypes)
OUTPUT 2: Co-design of public spaces
OUTPUT 3: Social activation and non-labelled education and training activities

When entering the **project title and acronym**, remember this will be the official name publicly used to promote your project.

In the framework of this Call, projects will last **up to seven months**. The expected implementation period is from May 2025 to 30 November 2025.

*** Project Acronym**

Please enter a short title or acronym for your project (max 25 characters)

Test_ENHANCE_PMO

*** Project starting date**

Please enter the start of the project.

*** Project ending date**

Please enter the end date of your project

The sections “total budget”, “total EIT funding” and “total co-funding” will be populated automatically by the system once you insert the budget.

When writing the **executive summary**, remember this must provide a comprehensive but general overview of the project and that, if your project is selected for funding, it will be used for dissemination purposes. We suggest you fill in this section once you have completed all other sections and therefore have a clear overview of your project.

*** Executive summary (max 1000 characters)**

Please describe the problem being addressed and why existing solutions do not address the need. Describe your proposed solution/product/service along with the value proposition and its market opportunity. Describe how and where you intend to validate the solution (demos) and the expected impact (short/medium/long term). This information should be accessible to the general public for dissemination. NB: This field should not contain jargon, acronyms, and confidential, or sensitive information(max 1000 characters)

please provide a minimum of three and a maximum of five keywords + New Keyword

* Free Self-defined Keywords

please provide a minimum of three and a maximum of five keywords Lorem ipsum 11 / 80

Before moving to the next tab, remember to **click on the “save” button**.

3. Partner Information

The “**project leader**” is automatically assigned by the system, and it is the organisation of the contact that creates the Application Form.

The **e-mail of the main contact person** is also automatically populated and is always the e-mail address of the contact who created the Application Form.

In the section “**partners involved in the project**” you must list all partners that will be involved in the project and describe what will be their **role and contribution**.

Additionally, as indicated in the Call Manual, all proposals must be presented by consortia of **minimum two and maximum of four entities**. The lead partner must be an eligible EIT Community NEB partner listed in **Annex 1** of the Call Manual. Please read carefully the rules of eligibility indicated in the Call Manual.

The project leader is automatically included by the system in the list. All other partners (if any) must be added by clicking on the “plus” button.

Partner (Input the PIC number)	Partner description	Action
CUS7259 TEST EK #1		

Once you click on the “plus” button, you must enter the **full PIC number of that specific partner**. Once you enter the full PIC, you will be able to select the organisation from the drop-down menu and include it as a partner.

Partners involved in the project(EN)

Indicate all organisations included in the consortium, including any Affiliated Entities.

Describe the specific role and differentiated contribution of the partner to the project. Explain how the partner has the right expertise and skills to carry out the specific role and tasks in the project.

Partner (Input the PIC number)	Partner description	Action
CUS7259 TEST EK #1	tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate...	
987654300		
CUS7260 TEST Isabell #1		

If the organization you are looking for is not found in the list, please invite them to [register here](#).

Once you have added all partners, you must indicate if there is any **direct link** between any of them. If there is a direct link, you must indicate which partners are linked and which type of link they have.

Two participants (legal entities) are dependent on each other where there is a controlling relationship between them:

- A legal entity is under the same direct or indirect control as another legal entity; or
- A legal entity directly or indirectly controls another legal entity; or
- A legal entity is directly or indirectly controlled by another legal entity.

Control: Legal entity A controls legal entity B if:

- A, directly or indirectly, holds more than 50% of the nominal value of the issued share capital or a majority of the voting rights of the shareholders or associates of B, or
- A, directly or indirectly, holds in fact or in law the decision-making powers in B.

The following relationships between legal entities shall not in themselves be deemed to constitute controlling relationships:

- a. the same public investment corporation, institutional investor or venture-capital company has a direct or indirect holding of more than 50 % of the nominal value of the issued share capital or a majority of voting rights of the shareholders or associates;
- b. the legal entities concerned are owned or supervised by the same public body.

* Existence of direct links between participants in the current proposal

Two participants (legal entities) are dependent on each other where there is a controlling relationship between them: * A legal entity is under the same direct or indirect control as another legal entity, or * A legal entity directly or indirectly controls another legal entity, or * A legal entity is directly or indirectly controlled by another legal entity. Control: Legal entity A controls legal entity B if: * A, directly or indirectly, holds more than 50% of the nominal value of the issued share capital or a majority of the voting rights of the shareholders or associates of B, or * A, directly or indirectly, holds in fact or in law the decision-making powers in B. The following relationships between legal entities shall not in themselves be deemed to constitute controlling relationships: (a) the same public investment corporation, institutional investor or venture-capital company has a direct or indirect holding of more than 50 % of the nominal value of the issued share capital or a majority of voting rights of the shareholders or associates; (b) the legal entities concerned are owned or supervised by the same public body

No Yes

* Description of participants with direct link

0 / 1000

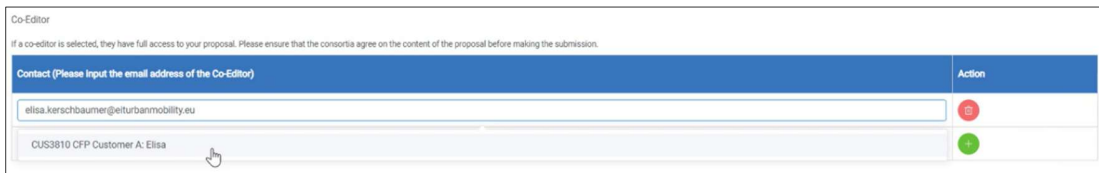

Under this section, you can also add any contact to whom you wish to grant **co-editor rights**. To add a contact, you must introduce the full and correct e-mail address. At that point, you will be able to select the contact from the drop-down menu.

If you cannot find your contact in the drop-down menu, you must ask the contact to register in NetSuite or to be added as the contact person of an organisation already registered in the system.

We suggest granting co-editor rights only to a limited number of people and only when their direct contribution in filling in the Application Form is needed.

If you have one or more co-editors assigned to your proposal, make sure no more than one user is working on the AF at the time. If more users are working simultaneously in the AF, the system will not be able to save the work of all users and this will cause a loss of information.

We also suggest that only the creator of the AF does the final submission of the proposal.

The screenshot shows a 'Co-Editor' section with a warning message: 'If a co-editor is selected, they have full access to your proposal. Please ensure that the consortia agree on the content of the proposal before making the submission.' Below this is a table with the following structure:

Contact (Please input the email address of the Co-Editor)	Action
<input type="text" value="elisa.kerschbaumer@eiturbanmobility.eu"/>	<input type="button" value="X"/>
<input type="text" value="CUS3810 CFP Customer A: Elisa"/>	<input type="button" value="+"/>

If you click on the “+” button to add a contact but you cannot find the user, remember to click on the delete button otherwise the system will give you an error message when clicking on “save”.

Before moving to the next tab, remember to **click on the “save” button**.

4. Project Scope

For this whole section: we recommend you prepare the answers offline and copy-paste them in the Application Form only once they are finalised. When filling in the final information in the system, we recommend you save **often** (do not wait to have the whole tab completed before saving).

Remember that you are **not allowed to include any URLs** in your Application Form.

Under the project scope tab, you will be asked to define the **main objectives** of your project:

* Project main objectives

Please describe the project objectives and activities as SMART (Specific, Measurable, Achievable, Realistic and Time-Bound).

You will then be required to reply to all the call-specific questions, in particular:

Excellence and novelty

Excellence

* Relevance for society

Provide background and context to the local challenge and/or social issue you are addressing in your project. Demonstrate the social demand, and this projects need and relevance for society. Identify at least 2 target groups.

* Strategic alignment with municipalities

Briefly describe the original project and the scale-up element of this project. Demonstrate the relevance and benefits of scaling-up/replicating the project and how the project aligns with the city's planned public realm improvement pro the city's strategy/local action plan.

* NEB alignment

Demonstrate how your project aligns with the three NEB values (sustainable, inclusive, beautiful) throughout the process, from challenge to proposed solution.

Impact: social, economic, financial, and general sustainability

Impact

* User engagement plan - Gender diversity and inclusion

Outline the strategy to outreach the defined target audience and the end-user engagement plan ensuring gender equality, diversity and inclusion.

0 / 2000

* Communication- dissemination

Present the dissemination plan for before, during and after main project milestones. Demonstrate how this plan targets specific audiences and stakeholders in the local context and is aligned with the challenge area.

0 / 3000

* Performance metrics

What metrics define project success? Ensure at least one metric to assess accomplishment of each NEB value (sustainability, inclusivity, aesthetic value). Please include both quantitative and qualitative performance metrics for measuring project outcomes, outputs and impacts.

* Potential future durability and transferability of the project

Outline how the project aims to ensure potential future durability and transferability of the project beyond this grant. e.g. a strategic plan/brief outline of business plan for longer term, identification of other streams of funding, connections to local municipality or how exploitation of data can be used for marketing/sales.

0 / 2000

Implementation: quality and efficiency

Quality of Implementation

* Project management structures and risk mitigation plan

Outline which project management structures and processes you will put in plan to ensure effective and professional delivery of the project outcomes. Please specify roles of the team members, expertise and experience that ensure successful delivery of the project.

0 / 2000

Risk Management and Contingency Plan

Please identify relevant risks and describe adequate mitigation measures.

Under the **risk management** section, we ask you to outline the risks potentially related to your project. To add a risk, click on the “add new” button.

At the end of the Project Scope tab, you will find the **ethics and security** section.

Ethics and Security

Please select from the list any ethics of security area your project may have an impact on

* Is the Project incurring any Ethic or Security Issues?

NO YES

* If yes, Please Select Ethic and/or security Issues

Select

* Please explain Ethic and/or security Issues

If there are any ethics and security issues related to your project, please indicate which they are by selecting them from the drop-down menu (multiple selections are possible) and describe each of the categories you have selected:

- 1. Human Embryonic Stem Cells and Human Embryos
- 2. Humans
- 3. Human cells/tissues (not covered by element 1)
- 4. Personal data
- 5. Animals
- 6. Non-EU countries
- 7. Environment & Health and Safety
- 8. Artificial Intelligence

Select

Before moving to the next tab, remember to **click on the “save” button.**

5. Work Plan

5.1 Work Packages

Under this tab, you are asked to build and define the operational structure of your project. You must therefore divide your planned activities into different **Work Packages (WPs)**. A WP is a component of the project work breakdown. It represents a group of project activities targeting common specific objectives. Please include the activities and the tasks under each WP. To each WP you can add the related deliverables.

The creation of the WPs structure must be done before starting to work on the Budget tab: the WPs will in fact appear in the Budget tab, only after you have created in the WPs in the Work Plan tab. Following this same logic, once you remove a WP in the Work Plan tab, the related WP will disappear also from the Budget tab.

Once you click on “new work package” a new window will appear where you can insert the details of the work package. The WPs will be **automatically numbered** by the system: do not include the WP number in the WP title, and make sure you give them a name that clearly reflects the type of activities covered.

The start and end date of the WPs must be consistent with the start and end date of the overall project.

Remember that the WP leader **must** be included also under the WP contributors. The WP will in fact be created in the Budget tab, only for the partners that are listed as contributors under that specific WP.

Work Package

* WP name

* WP description

* WP Start Date

Please include the wp leader in WP contributors List.

* WP Contributor/s
CUS7259 TEST EK #1 x

* Role of Partners

If you delete a WP, all deliverables linked to it will be deleted too. By deleting a WP the system will automatically re-number the other existing ones (if any).

5.2 Deliverables

Deliverables capture the achievement of key outputs and may take the form of analysis reports, feasibility studies, strategy documents, pilot action reports, training documentations. The deliverables specified need to fully demonstrate the project’s achievements and the judicious use of public funds.

As indicated in the Call Manual, the following mandatory deliverables are expected to be submitted:

- Deliverable 1- Intermediate report (achievement date 30 September 2025)
- Deliverable 2- Final performance report, including report on KPIs (achievement date 5 December 2025)

A few additional deliverables may be needed (e.g. slide decks and presentations) depending on the projects’ scope, and/or the product/service solution.

Once you save a WP, it will be possible to link deliverables to it. To do so, simply click on “add deliverable” and a pop-up window will open:

WP-1

Romani ✔ ✖

Description
 In antiquitate Romani multa deorum nomina colebat. Tempa aedificabant, sacrificia offerebant, ritus observabant. Virtus, honor, et gloria erant summi fines vitae. Familia fundamentum societatis erat, et leges ordinem et pacem custodiebant in civitate.

Outputs are tangible results, e.g. the concrete technology, product, service, method, design, patents, new jobs, new curricula, prototypes, concept, methodology, approach, skills and experience, etc. created by the project.

As indicated in the Call Manual, please include at least one of the following expected outputs:

- OUTPUT 1: Products and services (including rapid product prototypes)
- OUTPUT 2: Co-design and co-stewardship
- OUTPUT 3: Social activation and non-labelled education and training activities

Milestones are control points to chart the progress of a project implementation. They may correspond to the completion of a key deliverable that allows the next phase of work to begin.

5.3 Key Performance Indicators (KPIs)

In the Application Form, the KPIs linked to this Call are automatically included by the system. Read carefully the Call Manual.

Each proposal must address a **minimum of two mandatory KPIs** from the list provided and specify the minimum target value expected for each chosen KPI. The selected KPIs might be subject to amendment

depending on the scope of the project and the coordinating KIC designated during the conditions-clearing phase.

You will have to click on the “edit” icon and include the missing information.

The KPI achievement date has to be 30 November 2025 for all KPIs in the system.

KPI Code	KPI Title	KPI Description	Target Value 2025	KPI achievement date	Responsible partner	Contributing partner/s
KSN02	Demonstration/pilots/living labs within a project that actively involve citizens and/or local actors	Actively engaged an appropriate amount of citizens/community representatives of various age and social groups in running a demonstration/successful pilot/living lab to encourage experimentation, research and the development of solutions to city challenges and issues; and, where relevant, Mobilised local citizen associations and community groups to help maximise reach out to citizens. The aim is to ensure acceptance of measures, raise awareness for opportunities or restrictions that come with measure implementation, and enhance ownership of measures. *Living labs are defined as user-centred, open innovation ecosystems based on a systematic user co-creation approach integrating research and innovation processes in real life communities and settings. Living labs place the citizen at the centre of innovation.	2	2025-11-13	CUS7216 CFP Test Customer B	CUS7259 TEST EK #1
KSN03	Public realm improvements	The number of successful single interventions directly implemented by the activity focused on public realm improvements, in line with SD 11 "Create liveable urban spaces". Public realm is a platform for life with a diversity of urban functions to live, work, shop, relax, encounter and play, commonly defined as all areas between buildings including streets, boulevards and open squares that are accessible to the public. Improvements for the diversity of individual users (citizens, customers, visitors, tourists etc., incl. young and elderly, mobility impaired and diverse gender/roles) within the common urban space specifically address: giving more space to pedestrians and cyclists, reducing car ownership/dependency, improved routes, multi-modal options, efficient public transport, streets greening and expansion of the tree canopy, parklets (reclaiming parking space and creating real opportunities for people to meet), new street lighting, new greenery, waste collection, improved directions for visitors, etc. This KPI includes both: a) small-scale and temporary changes, using low-cost and scalable interventions, as the first step in informing long-term systemic change, and b) permanent investment as part of a public realm action plan and/or a walking and cycling strategy, and/or parking interventions.	2	2025-07-18	CUS7216 CFP Test Customer B	CUS7259 TEST EK #1
CL01	Strengthened resilience to the unavoidable impacts of climate change	People with strengthened climate resilience Reach of activities with awareness and capability building effects for climate change mitigation, adaptation, green skills, futures literacy. Important note: Please **indicate 0** as the target value and N/A as an Explanation next to the KPIs that your proposal is **not contributing to**. In this case, you must also indicate a random KPI achievement date, responsible partner and contributing partner, otherwise, the system will prevent you from submitting your proposal.

Before moving to the next tab, remember to **click on the “save” button**.

6. Supporting Documents

Under this tab, we can upload the following documentation:

- Letter of Intent when applicable in English (for more details see the Call Manual)
- Optional: Annexes to the application form (figures, graphics, photos etc.)

Before moving to the next tab, remember to **click on the “save” button**, otherwise the upload will not be executed.

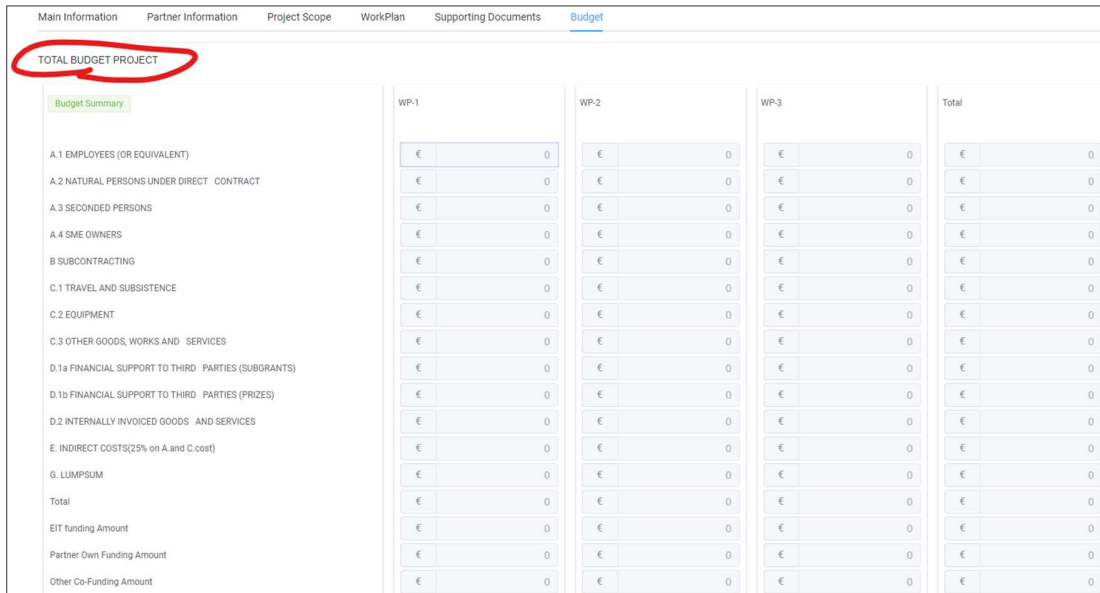

7. Budget

The Budget section is directly linked to the Work Plan tab. The Budget table is structured according to Work Packages (WPs) – and WPs appear in the Budget tab as soon as they are created in the Work Plan tab. This means that, deleting a WP under Work Plan will automatically delete that specific WP under the Budget tab as well.

For this reason, we highly recommend you to fill in the Budget tab only once the Work Plan has been finalised and you don't expect to make any additional changes to the WPs' structure.

At the top of the Budget tab you will find the summary table: this table will be automatically populated as soon as you start to include figures in the budget table of each partner organisation.

By clicking on the title “total budget project” you can hide/unhide this table.

	WP-1	WP-2	WP-3	Total
TOTAL BUDGET PROJECT				
Budget Summary				
A.1 EMPLOYEES (OR EQUIVALENT)	€ 0	€ 0	€ 0	€ 0
A.2 NATURAL PERSONS UNDER DIRECT CONTRACT	€ 0	€ 0	€ 0	€ 0
A.3 SECONDED PERSONS	€ 0	€ 0	€ 0	€ 0
A.4 SME OWNERS	€ 0	€ 0	€ 0	€ 0
B SUBCONTRACTING	€ 0	€ 0	€ 0	€ 0
C.1 TRAVEL AND SUBSISTENCE	€ 0	€ 0	€ 0	€ 0
C.2 EQUIPMENT	€ 0	€ 0	€ 0	€ 0
C.3 OTHER GOODS, WORKS AND SERVICES	€ 0	€ 0	€ 0	€ 0
D.1a FINANCIAL SUPPORT TO THIRD PARTIES (SUBGRANTS)	€ 0	€ 0	€ 0	€ 0
D.1b FINANCIAL SUPPORT TO THIRD PARTIES (PRIZES)	€ 0	€ 0	€ 0	€ 0
D.2 INTERNALLY INVOICED GOODS AND SERVICES	€ 0	€ 0	€ 0	€ 0
E. INDIRECT COSTS(25% on A. and C.cost)	€ 0	€ 0	€ 0	€ 0
G. LUMP SUM	€ 0	€ 0	€ 0	€ 0
Total	€ 0	€ 0	€ 0	€ 0
EIT funding Amount	€ 0	€ 0	€ 0	€ 0
Partner Own Funding Amount	€ 0	€ 0	€ 0	€ 0
Other Co-Funding Amount	€ 0	€ 0	€ 0	€ 0

Right under the total budget table, you will find one table per each one of the partners involved into the project. For each of them, only the Work Packages where they have been included as “contributor” will appear.

The budget is divided according to the cost categories foreseen by the Horizon Europe Programme. You will be able to fill in all the cells which appear white.

Each time you introduce a cost under a cost category, you must provide a brief explanation of which costs will be covered. Some examples:

- 3.000 Euro under other goods and services “2.000 Euro for the catering and venue of event X; 1.000 Euro for the fee of a professional trainer.

- 5.000 Euro under travel “cost for the trip of two persons for each of the two project’s events X and Y”.
- 60.000 Euro under employee “10.000 Euro for 0.5 Full Time Employees for the activities linked to Task X of WP X; 50.000 Euro per 3 Full Time Employees for the activities linked to Task X of WP X.

Partner Budget Section

BUDGET PARTNER: CUS7259 TEST EK #1	WP-1	WP-2	Total	Description
A.1 EMPLOYEES (OR EQUIVALENT)	€ 10000	€ 50000	€ 60000	Sed ut perspiciatis unde om
A.2 NATURAL PERSONS UNDER DIRECT CONTRACT	€	€ 5000	€ 5000	Lorem ipsum dolor sit amet
A.3 SECONDED PERSONS	€	€	€ 0	
A.4 SME OWNERS	€	€	€ 0	
B SUBCONTRACTING	€ 10000	€	€ 10000	Lorem ipsum dolor sit amet
C.1 TRAVEL AND SUBSISTENCE	€	€	€ 0	
C.2 EQUIPMENT	€	€	€ 0	
C.3 OTHER GOODS, WORKS AND SERVICES	€	€ 3000	€ 3000	Lorem ipsum dolor sit amet
D.1a FINANCIAL SUPPORT TO THIRD PARTIES (SUBGRANTS)	€	€	€ 0	
D.1b FINANCIAL SUPPORT TO THIRD PARTIES (PRIZES)	€	€	€	
D.2 INTERNALLY INVOICED GOODS AND SERVICES	€	€	€ 0	
E. INDIRECT COSTS (25% on A. and C.cost categories)	€ 2500	€ 14500	€ 17000	
G. LUMP SUM	€	€	€ 0	
Total Cost	€ 22500	€ 72500	€ 95000	
EIT funding (%)			% 100	
Partner Own Funding Rate(%)			% 0	
Other Co-Funding Rate(%)			% 0	
EIT Funding Amount			€ 95000	
Partner Own Funding Amount			€ 0	
Other Co-Funding Amount			€ 0	
Type of Co-funding			Select	

You must also indicate the **percentage of EIT funding** (the part of the costs which will be covered by EIT) and the percentages of potential own and co-fundings.

Own funding will be the costs covered by the partner directly; while **co-funding** will be costs covered by a third party. If any co-funding is foreseen, you must indicate **who is covering** it by selecting the right option/s from the drop-down menu (multiple selection is allowed):

EIT funding (%)			%	100
Partner Own Funding Rate(%)			%	0
Other Co-Funding Rate(%)			%	0
EIT Funding Amount			€	95000
Partner Own Funding Amount			€	0
Other Co-Funding Amount			€	0
Type of Co-funding			Select	
			Private	
			National	
			EU non-EIT	
			Other	

You must repeat this process for each partner.

Before moving to the next tab, remember to **click on the “save” button**.

Important note

Cities, regions, or affiliated entities associated with a city or region from EIT Community NEB partners **or new city, region, or affiliated entity** (not coming from the EIT Community NEB) can be part of the consortium. It is important to differentiate between the possible roles of these entities and the associated budget conditions:

- **If the EIT Community NEB city/region/affiliated entity has an active role in the project:** they must be added as a partner in the proposal and therefore will count toward the minimum/maximum consortium requirements. They must present a budget (covering both direct and indirect costs) and, where applicable, co-funding. They may choose whether to request EIT funding or not. If they opt not to request EIT funding, their total budget (total costs) will equal the co-funding. In any case, they will be required to sign the contract and report on their work and expenses, even if they receive zero EIT funding.
- **If the new city/region/affiliated entity has an active role in the project:** they must be added as a partner in the proposal and therefore will count toward the minimum/maximum consortium requirements. They must present a budget (covering both direct and indirect costs) and co-funding. However, **they are not allowed to request EIT funding**. Therefore, their total budget (total costs) will equal the co-funding, and they will be required to sign the contract and report on their work and expenses, even if they receive zero EIT funding.
- **If the EIT Community NEB city/region/affiliated entity or the new city/region/affiliated entity doesn't play an active in the project:** they are considered observers¹ rather than formal partners. They are not considered toward the minimum/maximum consortium requirements. As observers, they do not need to register in NetSuite, will not be listed as project partners, have no budget allocation, and have no contractual obligations with the KIC. However, they **must provide a Letter of Intent in English** during the proposal submission to demonstrate their interest in and support of the project.

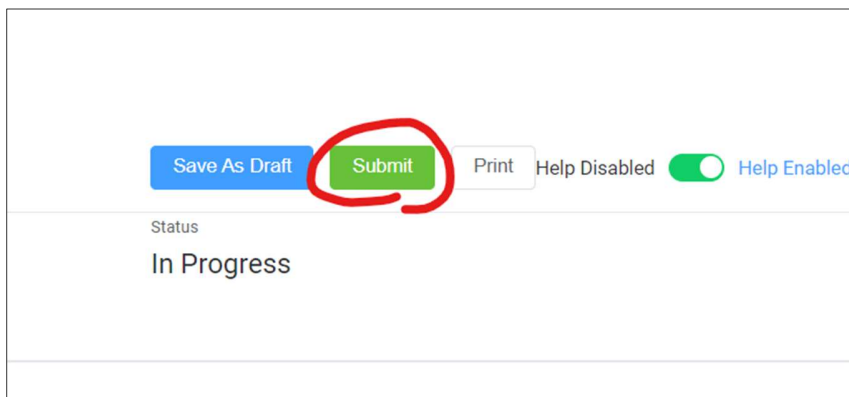

¹ Observer entities typically follow project development without active participation, they may attend meetings as observers and offer informal feedback or advice. They can access non-confidential project information and benefit from knowledge exchange.

8. Submit Application Form

We strongly recommend all applicants **not to wait the last day/minute to submit the Application Form**.

You should ideally **submit it with at least one day of margin**: should you encounter any system error while submit the Application Form, EIT Urban Mobility staff will in fact be able to properly assist you.

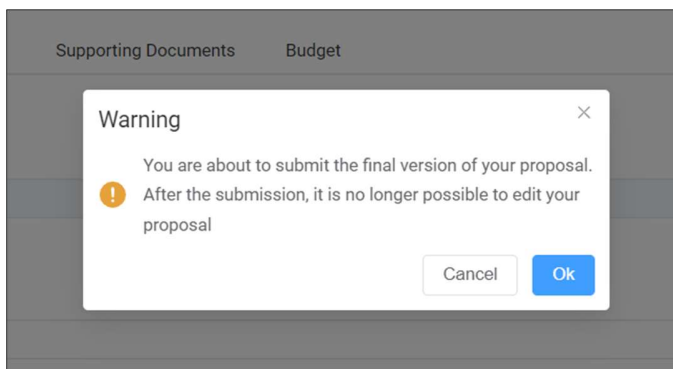

When your Application Form is correctly and fully completed, **save it one last time** and you can then **submit** it by clicking the “submit” button:

If your Application Form has been not properly completed – i.e. some mandatory information has not been included – the system will not allow you to submit the AF and an error message will inform you about what is missing.

Once an Application Form is submitted it will not be possible to revert the process any longer, nor to submit a new updated version. Make therefore sure that you **submit the AF only once you are sure that the information introduced are final**.

After clicking “submit” a pop-up message will ask you to confirm or cancel your choice:

Once you click on OK, the browser will ask you to confirm if you want to leave the page or not: remember to click on “leave”.

Once your proposal is submitted you will **not** receive any e-mail notification. The following message will however appear and your application will result not be editable any longer.

By going into the section “My applications” you will however be able to see the status of your application and therefore see if it was properly submitted.

9. Tips & Tricks

Please find here below a recap of the **main points of attention** to follow in order to guarantee a smooth application process:

- Start creating and filling in the Application Form **at least 3 or 4 weeks before the submission deadline**: in this way you can familiarise yourself with the Application Form and can **let us know in due time if you are encountering any technical issues** by writing an e-mail to pmo@eiturbanmobility.eu.
- **Do not include any external links (URLs)** in the Application Form.
- For tabs like the “Project Scope” one: prepare your descriptions in an **offline document and** copy and paste the text in the online Application Form only once final.
- If you have **co-editors**, remember that only **one user** at the time should work on the Application Form.
- The **Budget tab** should be one of the **last tabs to be filled in** since the structure is directly linked to the Work Plan structure.
- When you prepare the **description of the Work Packages (WP)**, remember to describe the actions according to **tasks** (i.e. each WP should have Task 1, 2, 3...).
- **Save often**: in this way you can make sure no information will get lost (if you stop working on the Application Form for some time, the system will log you out automatically without saving).
- **Do not wait the last day/minute to submit the Application Form**: should you encounter any system error while submit the AF, EIT Urban Mobility staff will in fact not be able to properly assist you.
