1. Overview of EIT Urban Mobility

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

EIT Urban Mobility is an initiative of the European Institute of Innovation and Technology (EIT). Since January 2019 we have been working to encourage positive changes in the way people move around cities in order to make them more liveable places. We aim to become the largest European initiative transforming urban mobility. Co-funding of up to € 400 million (2020-2026) from the EIT, a body of the European Union, will help make this happen.

*We create systemic solutions that will **move more people around the city more efficiently and free up public space.***

*We bring **all key players in urban mobility together** to avoid fragmentation and achieve more.*

*We engage **cities and citizens** from the word go, giving them the opportunity to become true agents of change.*

The EIT Urban Mobility S.L delivers breakthrough innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of European corporations, SMEs, start-ups, universities, and research institutes.

As a Knowledge and Innovation Community (KIC) of the European Institute of Innovation and Technology (EIT), the EIT Urban Mobility S.L is focused on entrepreneurship and is at the forefront of integrating education, research, and business by bringing together students, researchers, engineers, business developers and entrepreneurs. This is done in a pan-European network of Co-Location Centers (CLCs), 5 Limited Liability Companies respectively based in Germany, Czech Republic, Denmark, the Netherlands, and Spain and the EIT Urban Mobility Foundation.

We create systemic solutions that will move more people around the city more efficiently and free up public space.

We bring all key players in urban mobility together to avoid fragmentation and achieve more.

2. General Objectives and Scope of Work

2.1. General objectives

By the present procurement procedure, EIT Urban Mobility, hereinafter being referred to as “EIT UM”, is seeking professional support for development and implementation of the EIT Campus platform, by appointing a web developer provider (hereinafter being referred to as “provider”). This document, along with its annexes, constitute a Request for Proposal (RFP) issued by EIT Urban Mobility for a potential procurement of services in the field of tool development.

EIT Urban Mobility is part of the EIT Cross-KIC Entrepreneurial Education and Skills Cluster (EntrEduSkills), a joint pan-European project under Horizon Europe and within the EIT framework. The EIT Knowledge and Innovation Communities (KICs) are thematic hubs that bring together businesses, higher education, and research organisations to drive innovation and skills development across Europe. EntrEduSkills represents an unprecedented endeavour in the EIT Education ecosystem to develop a comprehensive, unique, cross-sectoral education offer that directly implements the Union of Skills and the STEM Strategic Education Plan. Among other initiatives, EntrEduSkills delivers and implements the EIT Campus.

The EIT Campus

The EIT Campus is an online platform funded by the European Commission through the European Institute of Innovation and Technology (EIT). It brings together training programmes from across the EIT Community, focused on innovation, entrepreneurship, and skills for the green and digital transitions. In 2026–2028, its main objective is to address pressing skills gaps and shortages that hinder Europe’s productivity and competitiveness, in line with EU priorities such as the Union of Skills, the STEM Education Strategic Plan, and the EU Start-up and Scale-up Strategy.

To achieve this, the EIT Campus pursues strategic objectives to become Europe’s central hub for innovation and entrepreneurship education:

- **Integrate KICs’ education offerings** into a single, user-friendly platform, expanding access to new professional profiles, notably startup founders and employees, and breaking industry silos.
- **Develop a quality assurance framework** for learning pathways to enable credentialisation and integration into skills passports.
- **Enhance visibility and market relevance** of learning outcomes and transferable skills through skills intelligence and strategic partnerships.
- **Establish financial sustainability** through diversified revenue streams, including B2C and B2B models, and tools that increase platform attractiveness and traffic.

A key enabler of these objectives is the **Tool Development workstream**, which will continue to evolve the platform to better integrate KIC offerings, expand course availability, and improve user experience.

Key focus areas include:

- **User Experience & Interface:** Testing UX/UI approaches with real users for intuitive navigation, seamless course delivery, and personalized learning pathways.
- **Quality Assurance & Skills Recognition:** Strengthening course review processes, consolidating high-quality courses into learning pathways, aligning with EIT Label standards, and enabling skill identification via microcredentials, shareable badges, and interactive Skills Development Guides.
- **Learner Progress & Personalization:** Providing automated guidance on skills needs, recommended courses, and progression tracking, with dedicated spaces for startups.
- **Data Integration & Impact Measurement:** Connecting platform data with KIC and stakeholder data to monitor user journeys and evaluate impact.
- **Innovation & Sustainability:** Piloting premium accounts, leveraging AI to enhance automation and learning experiences, and maintaining flexibility for future enhancements.

This workstream positions the EIT Campus as a central hub connecting learners to relevant courses, market-aligned skills, and measurable learning outcomes, while supporting the platform's long-term strategic and financial sustainability. Accordingly, **we are seeking a provider** to build on the work already established and implement new solutions to advance the platform's long-term strategy.

2.2. Detailed scope of work

The EIT Campus seeks a provider to advance the development of its platform, which has been operational for the past three years and has established a strong foundation for usability, skill portability, and learner-centric design. The platform keeps the learner and the broader EIT Community at its core, ensuring it remains a **central hub for innovation, entrepreneurship, and skills development across Europe**.

The provider will focus on expanding access to learning, strengthening recognition of skills, fostering community engagement, and ensuring long-term sustainability. This scope of work is structured into **four core areas**:

WP1: Platform Development, Innovation & Infrastructure

Objectives: Ensure that the EIT Campus platform remains a high-quality, scalable, and learner-centric hub, while continuously improving user experience, innovation, data capabilities, and long-term sustainability. This work package will provide the technical foundation for personalised learning, skills recognition, community engagement, and startup support across the platform.

Scope of Work:

The provider will design, develop, and implement improvements and innovations that ensure seamless, intuitive, and engaging experiences for all audiences. Specific areas of focus include:

- a. **Continuous Platform Enhancements**

- Technical updates and improvements to maintain stability, scalability, and performance.
- Refinement of navigation, course discovery, and learning pathway integration to ensure intuitive and efficient user journeys.
- Support for features developed in other work packages (personalised learning, skills recognition, community engagement, startup pathways).

b. Innovation & Premium Features

- Design and implement new platform functionalities, including AI-powered learning tools, mobile applications with offline access, and interactive multimedia resources (e.g., podcasts, guest courses).
- Develop premium account functionality, clearly separated from free basic user accounts, enabling differentiated access rights, permissions, and feature management.

c. Quality, Data & Analytics

- Implement and maintain robust course review, categorisation, ratings, and comment mechanisms relevant content.
- Integrate data from KICs and other stakeholders, maintain GDPR-compliant analytics (e.g., Piwik), and track user engagement, progress, and platform impact.
- Enhance visibility of EIT initiatives such as Academies, EIT Label, and other relevant programs.

d. Maintenance & Sustainability

- Provide continuous support for platform stability, including server management, software updates, troubleshooting, and security.
- Ensure the platform remains adaptable for future technical improvements and strategic initiatives.
- Collaborate with EIT Campus and KICs to ensure seamless integration of new tools, features, and data flows.

Expected Outcomes:

- High-quality, engaging, and accessible platform experience for all learners and stakeholders.
- Seamless integration of new features and enhancements supporting personalised learning, skills recognition, community engagement, and startup pathways.
- Data-driven insights to guide content, partnerships, and strategic decisions.
- Strong foundation for long-term sustainability, including premium offerings, strategic partnerships, and ecosystem growth.

WP2: Personalised Learning, Skills Development & Recognition

Objectives: Support the technical implementation and operationalisation of the integration of skills intelligence and EIT priorities. Enable fully personalised learning journeys while ensuring that skills are tracked, with a strong focus on startups and emerging professional profiles.

Scope of Work:

The provider will design, implement, and progressively improve skills-based features, combining personalised learning with robust recognition mechanisms:

- **Smart Course Recommendations:** Suggest the most relevant courses and content based on learner profiles, learning history, skill interests, and behaviour. This will allow learners to navigate the platform efficiently and focus on high-impact learning opportunities.
- **Skill Tracker on User Profiles:** Enable learners to log, save, and track skills over time, providing visibility on progress, supporting self-reflection, and planning of future development steps.
- **Interactive Skills Repository:** Evolve the existing repository into a searchable, content-linked tool that maps skills to courses and resources, giving learners clarity on what skills they can acquire and how.
- **Progress Dashboard:** Provide a visual overview of achievements, milestones, and recommended next steps to motivate learners, support retention, and maintain continuous engagement.
- **Improved Skills Development Guide:** Enhance the current interactive guide to be fully filterable, clickable, and content-linked, featuring curated learning journeys such as Sustainability Leadership, Digital Innovation, and Green Entrepreneurship for Startups. Learners can save, share, and track their journeys.
- **Skills Passport Development and Launch:** Design, implement, and launch the Skills Passport, enabling learners to visualise, track, and validate their skills. Ensure connection to external systems where relevant.
- **Digital Badges & Micro-Credentials:** Pilot and implement recognisable badges and micro-credentials aligned with EU frameworks and the EIT Label, ensuring skills are visible, credible, and transferable.
- **AI-Driven Learning Pathways:** Develop AI-supported functionality to recommend fully personalised learning pathways based on learner skills, goals, and progress. Personalised **Skill Roadmap Builder:** Allow users to define a target role (e.g., Sustainability Manager) and receive a dynamic roadmap including recommended courses, skills to be acquired, milestones, and indicative timelines.

Expected Outcomes:

- Learners gain a clear understanding of skill gaps, development needs, and potential career paths
- Increased engagement, retention, and completion rates across learning pathways
- Skills become portable, recognisable, and policy-aligned, strengthening EIT Campus' role in European skills recognition
- Learners are empowered to set goals, track progress, and achieve meaningful, skills-based learning outcomes aligned with labour market needs and EIT priorities

Objectives: Technically advance the existing online community to foster peer learning, collaboration, and knowledge exchange across the EIT Community, positioning EIT Campus as the hub for professional interaction and ecosystem participation.

Scope of Work:

The provider will design and implement features to support interactive, community-driven learning:

- **Community-Driven Learning:** webinar tool is already embedded in the platform, to provide support for its technical deployment and maintenance.
- **Mentorship Programme Infrastructure:** Develop the technical infrastructure within the EIT Campus community platform to enable the implementation and management of mentorship programmes. **Startup & Topic-Based Spotlights:** Integrate recognition features such as “Startup of the Month” and themed forums to highlight innovative initiatives and stimulate engagement.

Expected Outcomes:

- Increased user interaction and engagement across the EIT Community
- Enhanced peer-to-peer learning and knowledge transfer
- Stronger professional networks and collaboration opportunities across sectors and regions

WP4: Startup-Dedicated Features

Objectives: Provide tailored learning and resources for startups to support growth, innovation, and engagement within the EIT Community.

Scope of Work:

The provider will develop targeted solutions addressing the unique needs of startup founders and employees:

- **Dedicated Startup Landing Page:** Central hub for curated learning pathways focusing on growth, sustainability, and digital transformation.
- **Highlight KIC-Developed Courses:** Showcase high-value courses relevant to startups and SMEs.
- **Onboarding & Support:** Implement and maintain platform-based onboarding and support features to guide startups through structured learning.
- **Startup Spotlights:** Showcase innovative startups monthly to encourage participation and engagement.
- **Integration with Learning Pathways & Skills Recognition:** Ensure startup users benefit from AI-driven pathways, Skills Passport, and badges.

Expected Outcomes:

- Increased engagement and retention of startup learners

- Startups gain access to tailored, practical learning to accelerate growth and innovation
- Strengthened visibility and partnerships within the EIT ecosystem.

2.3. Location, timing, planning and reporting

2.3.1 Start date & period of implementation

The intended start date is, at the latest, 24/03/2026 and is expected to last, at the latest, until 31/12/2028*.

**Important: In case EIT UM does not sign a grant agreement with the European Institute of Innovation and Technology (EIT) for the Business Plan 2026-2028 before 31st January 2026, the agreement may be suspended or terminated. Should such lack of signature occur, EIT UM shall notify the Supplier and inform them about the suspension or termination of the agreement.*

In case of suspension, suspension shall last from the date included in the notice of suspension up until the earliest of (i) notice of suspension lift or (ii) 31st March 2026. Should suspension occur, the Supplier shall not provide any services during the suspended period; notwithstanding, the Supplier may issue the invoices corresponding to services provided during the non-suspended period. If lifted, suspension will not alter the original termination date of the agreement.

Should EIT UM have not assigned a Grant Agreement with EIT by 31st March 2026, the Agreement shall be fully and automatically terminated with immediate effect without incurring any penalty or compensation.

2.3.2 Location

This project doesn't have a specific office location during the implementation – the provider should mainly provide assistance from his/her home base of operation. We intend to work under a virtual environment as an organisation. Video conferences and telephone conferences are preferred options for team meetings.

2.3.3 Payment terms

The available maximum yearly funding for the requested services is outlined below (VAT is excluded from the figures provided) applicable to years 2026*, 2027*, and 2028*:

The services should be invoiced in arrears including specific timesheets, according to deliverables achieved.

In Payment shall be made upon the acceptance of the deliverables completed, as specified below:

- 2026*: 180,712 EUR (VAT excluded)
- 2027*: 180,712 EUR (VAT excluded)
- 2028*: 180,712 EUR (VAT excluded)

** Please note that EIT UM reserves the right not to sign the contract until its budget for 2026-2028 is confirmed (estimated before 31st January 2026). If the budget is not confirmed, the contract will not enter into force.*

The continuation of the service in each subsequent year is subject to the needs of EIT UM, a satisfactory performance review and annual budget confirmation. EIT Urban Mobility reserves the right to terminate the contract for subsequent years based on these conditions.

2.4. Methodology of work

- Monthly/biweekly meetings to discuss the progress of the work package.
- Direct communication via email or phone shall be used between meetings as needed.
- Monthly meetings dedicated to reviewing the roadmap, milestones, and deliverables, ensuring the project remains on track
- Ad hoc meetings with KICs to facilitate the implementation of the data infrastructure
- Ad hoc meetings with KICs to facilitate the implementation of the skills passport
- Summary annual report

2.5. Deliverables EIT Campus

The following deliverables are expected:

2026:

D1.1 – Platform Development: Redesigned EIT Campus platform with updated branding, modern UI, seamless navigation, and technical compatibility with new features

D1.2 – Data Infrastructure & Analytics: Initial setup and integration of GDPR-compliant analytics, connection with KIC/external systems, and basic dashboards tracking learner activity.

D1.3 – Startup-Dedicated Platform Features: Dedicated startup landing page with curated learning pathways, KIC course highlights, content feeds, light-touch onboarding, and startup spotlight functionality deployed.

D1.4 – Annual Report 2026: Documenting platform improvements, feature implementation, learner engagement, skills recognition, community participation, and startup involvement.

2027:

D2.1 – Platform Development: Continuous improvements to the platform, enhancing navigation, technical performance, and compatibility with skills passports.

D2.2 – Data Infrastructure & Analytics: Refinement of data infrastructure and dashboards.

D2.3 – Skills Development: Enhanced interactive, searchable, content-linked skills repository integrated with courses and learning pathways and launch of skills passport.

D2.4 – Community Engagement: launch of premium accounts.

D2.4 – Annual Report 2027: Documenting platform improvements, feature implementation, learner engagement, skills recognition, community premium accounts, and startup involvement.

2028:

D3.1 – Platform Development & Infrastructure: Final enhancements to the platform, including preparation for automated features like personalised learning pathways.

D3.2 – Data Infrastructure & Analytics: Fully operational data infrastructure with comprehensive dashboards tracking enrolments, course completions, and Skills Passport activity; connections to KIC/external systems fully implemented.

D3.3 – Skills Development & Repository: Fully enhanced interactive, content-linked skills repository supporting personalised learning journeys and course matching.

D3.4 – Personalised Learning Features: Smart course recommendations, progress dashboards, skill trackers, initial launch of automated learning pathways, and pilot of digital badges/micro-credentials.

D3.5 – Annual Report 2028: Documenting platform improvements, feature implementation, learner engagement, skills recognition, community participation, and startup involvement.

3. Proposal Process

3.1. Proposal Schedule

	DATE
Sending of invitation to proposal to the potential supplier	27th January 2026

Deadline for clarifications submission by participants	24th February 2026
Deadline for submitting proposal	27th February 2026
Intended date of notification of award	10th March 2026
Stand still period	10 days
Intended date of contract signature	23rd March 2026
Intended start date of the contract implementation	24th March 2026

3.2. Participation

Participation in this procedure is open to all interested participants.

3.3. Submission of proposal

Proposals are requested to be emailed in written form, **in English** to the following address until **the deadline of 27th February 2026, 16:00 Central European Time**, to:

Subject Title : Rfp -EIT Campus Platform Tool Development '26-28

Contact name: Ms. Luisa Esposito, [Project Manager], at EIT URBAN MOBILITY.

E-mail: procurement@eiturbanmobility.eu

The proposal shall contain:

- The technical response to the services requested (see Section 2.2: 'Detailed scope of work')
- The financial offer (the price for the service.) The financial offer must be presented in **EUR**. The price must be indicated as net amount, excl. VAT)

The email including the proposal from the bidder should be sent and delivered by 27th February 2026, 16:00 Central European Time.

- Proposal must be submitted in proper (legibly) scanned and non-editable PDF, which is accessible without entering a password.
- Proposal must be signed by the tenderer.

- Proposal will be deemed timely submitted, if it is received by EIT Urban Mobility by the submission deadline. All risks associated with the delay or loss of the proposal shall be borne by the Tenderer only. EIT Urban Mobility will deem proposal received after the submission deadline invalid.
- Proposal should be concise and clear. The tenderer's proposal will be incorporated into any contract that results from this procedure. Tenderer is, therefore, cautioned not to make claims or statements that they are not prepared to commit to contractually. Subsequent modifications and counterproposals, if applicable, shall also become an integral part of any resulting contract.
- The tenderer represents that the individual submitting the natural or legal entity's proposal is duly authorized to bind its entity to the proposal as submitted. The tenderer also affirms that it has read the request for proposals and has the experience, skills, and resources to perform, according to conditions set forth in this proposal and the tenderers' proposal.

3.4. Minimum requirements

The following documents and declarations are to be submitted together with the tender by the tenderer (in case of a group of tenderers, this applies to each member). In order to be considered valid, proposals must include:

- Tender Submission form and Tender declaration form (Annex 1.2 and 1.3) together with supporting documents evidencing the legal name of the Tenderer (copy of the official documents showing the name of the natural person or legal person, the address of its head office, and the registration number given to it by the national authorities);
- An administrative part including all the information and documents required by the EIT UM for the evaluation of the tender on the basis of the exclusion and selection criteria set out below;
- Bidders must provide their comments in writing to the contract agreement terms of EIT UM (Annex 1) and in case they are proposing any amendments to the terms and conditions, they have to submit their proposal in their offer. Any amendment requests after the tender submission deadline and the notification of award shall not be accepted or discussed. EIT UM is not obliged to accept any amendment requests, proposed modifications nor contract templates.

3.5. Validity of the proposal

Tenderers are bound by its proposal 120 days after the deadline for submitting the proposal or until they have been notified of non-award.

The winners must maintain its proposal for a further 30 days to close the contract.

Proposals not following the instructions of this Request for Proposal can be rejected by EIT Urban Mobility.

3.6. Additional information before the deadline for submitting proposals

The instructions to the tenderers should be clear enough to avoid the tenderers having to request additional information during the procedure. In case the tenderer is in need of additional information, please address it to the address below.

Subject Title : Additional Information: Rfp - EIT Campus Platform Tool Development '26–28

Contact name: Ms. Luisa Esposito, (Project Manager) at EIT URBAN MOBILITY.

E-mail: procurement@eiturbanmobility.eu

EIT Urban Mobility has no obligation to provide clarification if decides.

3.7. Cost for preparing proposals

No costs incurred by the tenderers in preparing and submitting the proposal are reimbursable. All such costs must be borne by the tenderer.

3.8. Ownership and confidentiality of proposals

EIT Urban Mobility retains ownership of all proposals received under this tendering procedure. Proprietary information identified as such, which is submitted by tenderer in connections with this procurement, will be kept confidential.

The potential or actual supplier should accept that during the implementation of the contract and for four years after the completion of the contract, the CA has the right for the purposes of safeguarding its financial interests that the proposal and the contract of the supplier may be transferred to internal as well as external audit services.

3.9. Clarification related proposals

After submission of the proposal, it shall be checked if it satisfies all the formal requirements set out in the proposal dossier. Where information or documentation submitted by the tenderer is or appears to be incomplete or erroneous or where specific documents are missing, the CA may request the tenderer concerned to submit, supplement, clarify or complete the relevant information or documentation within an appropriate time limit.

4. Evaluation of proposals

4.1. Exclusion criteria

The Tenderers will be excluded from participation in the current procedure, if:

- a) it is bankrupt, subject to insolvency or winding-up procedures, where its assets are being administered by a liquidator or by a court, where it is in an arrangement with creditors, where its business activities are suspended, or where it is in any analogous situation arising from a similar procedure provided for under national laws or regulations;
- b) it has been established by a final judgment or a final administrative decision that the Tenderer is in breach of its obligations relating to the payment of taxes or social security contributions in accordance with the applicable law;
- c) it has been established by a final judgment or a final administrative decision that the Tenderer is guilty of grave professional misconduct by having violated applicable laws or regulations or ethical standards of the profession to which the Tenderer belongs, or by having engaged in any wrongful conduct which has an impact on its professional credibility where such conduct denotes a wrongful intent or gross negligence, including, in particular, any of the following:
 - i. fraudulently or negligently misrepresenting information required for the verification of the absence of grounds for exclusion or the fulfilment of selection criteria or in the performance of a contract;
 - ii. entering into agreement with other Tenderers with the aim of distorting competition;
 - iii. violating intellectual property rights;
 - iv. attempting to influence the decision-making process of the contracting authority during the procurement procedure;
 - v. attempting to obtain confidential information that may confer upon its undue advantages in the procurement procedure;
- d) it has been established by a final judgment that the Tenderer is guilty of fraud, corruption, or money laundering.

4.2. Award criteria

The EIT UM will award the contract to the tenderer who submitted the most advantageous technical and financial proposal based on best value for money based on the following criteria (including the weighting assigned to them). The quality of each proposal will be evaluated in accordance with the below mentioned award criteria.

The award criteria will be examined in accordance with the requested service/support indicated in Section 2 of the document and ensure best value for money by applying the below equation.

The technical score is calculated based on the assessment rating below:

DESCRIPTION	SCORE
<p>Experience in developing, testing, and executing data infrastructure</p> <p>Provide a maximum of 4 successfully completed projects similar or relevant to developing and implementing platform data infrastructure, including integration with external systems (e.g., KICs, analytics tools).</p> <p>As evidence, please provide links to completed projects and reference relevant outcomes.</p> <p>Based on this evidence the tenderer will be scored as follows:</p> <ul style="list-style-type: none"> ➤ 4 projects will receive 20 points ➤ 3 projects will receive 15 points ➤ 2 projects will receive 10 points ➤ 1 project will receive 1 point 	Max. 20 points
<p>Experience in designing, implementing, and testing digital learning platforms</p> <p>Provide a maximum of 4 successfully completed projects similar or relevant to developing, implementing, and managing digital learning platforms, with examples of UX/UI improvements, course integration, or learning pathway implementation.</p> <p>As evidence, please provide links to completed projects and references to measurable outcomes (e.g., engagement, completion rates).</p> <p>Based on this evidence the tenderer will be scored as follows</p> <ul style="list-style-type: none"> ➤ 4+ projects will receive 30 point, ➤ 3 projects will receive 20 points ➤ 2 projects will receive 10 points ➤ 1 project will receive 5 points 	Max. 30 points

<p>Description of overall methodology and work scope</p> <p>The methodology which will be used to achieve the deliverables as section out in section 2.</p> <p>➤ The highest scoring will receive 10 points ➤ 2nd will receive 5 points ➤ 3rd will receive 3 points ➤ 4th will receive 1 point</p>	<p>Max 10 points</p>
<p>Capacity, innovation and AI-driven solutions</p> <p>Demonstrate the ability to support the implementation of AI-driven personalised learning solutions.</p> <p>As evidence, please provide links to completed projects and references to measurable outcomes (e.g., engagement, completion rates).</p> <p>Based on this evidence the tenderer will be scored as follows</p> <p>➤ 3 projects will receive 20 points ➤ 2 projects will receive 10 points ➤ 1 project will receive 5 points</p>	<p>Max 20 points</p>

The applicable award criteria will be weighted as follows:

- A. Technical content:60%
- B. Financial offer: 40%

Aggregate evaluation and scoring:

- A. Technical content (maximum weighted score: 60%)
 Evaluation of the technical content will be carried out following the below sub-criteria:
 - I. Technical capacity of the Tenderer (maximum score: 80)
- B. Financial offer (maximum weighted score: 40%)
 The financial offer must be presented in EUR. Prices must be indicated as net amount, excl. VAT.
 The lowest offered price shall receive the highest score (40); others shall be calculated in relation to that in linear equation.

4.3. Selection of the suppliers

The final selection of the supplier will be based on the best price-quality ratio principle. The best price-quality ratio is established by weighing technical quality against price on an 60%/40% basis, i.e.

Total technical score: max. 80 (weight: 60%)

Total financial score: max. 40 (weight: 40%)

Total score: max. 64 (total technical score x 0,6 + total financial score x 0,4)

The winners shall be the one with the highest total score summed from technical and financial scores, and that tenderer shall be proposed for the contract.

The successful and unsuccessful tenderers will be informed in writing via email about the result of the award procedure.

4.4. Signature of contract(s)

The tenderers will be informed in writing (via email) about the result of the award procedure.

For the contract, the template in Annex 1 shall apply.

Within 3 days of receipt of the contract from EIT Urban Mobility, the selected tenderer shall sign and date the contract and return it to EIT Urban Mobility.

4.5. Cancellation of the proposal procedure

In the event of cancellation of the proposal procedure, EIT Urban Mobility will notify the tenderers of the cancellation. In no event shall EIT Urban Mobility be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a proposal procedure, even if EIT Urban Mobility has been advised of the possibility of damages.

4.6. Appeals / Complains

Tenderers believing that it has been harmed by an error or irregularity during the award process may file a complaint. Appeal should be addressed to EIT Urban Mobility. The tenderer has 3 days to file their complaint from the receipt of the letter of notification of award.

4.7. Ethics clauses / Corruptive practices

EIT Urban Mobility reserves the right to suspend or cancel the procedure, where the award procedure proves to have been subject to substantial errors, irregularities, or fraud. If substantial errors, irregularities, or fraud are discovered after the award of the Contract, EIT Urban Mobility may refrain from concluding the Contract.

The suppliers shall take all measures to prevent any situation where the impartial and objective implementation of the contract is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). He should inform EIT Urban Mobility immediately if there is any change in the above circumstances at any stage during the implementation of the tasks.

4.8. Safeguarding of EU's financial interest

The potential or actual supplier should accept that during the implementation of the contract and for four years after the completion of the contract, EIT Urban Mobility has the right for the purposes of safeguarding the EU's financial interests, the proposal and the contract of the supplier may be transferred to internal audit services, EIT, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office.

WHEREAS:

- I. EIT UM is an entity that aims to encourage positive changes in the way people move around cities in order to make them more liveable places by creating systemic solutions that will move more people around the city more efficiently and free up public space, bringing all key players in urban mobility together to avoid fragmentation, and engaging cities and citizens from the beginning, giving them the opportunity to become true agents of change.
- II. EIT UM has launched a tender for the provision of [...] (the “Tender”).
- III. Supplier is a company specialized in the field of the Tender.

IV. Supplier has been awarded the Tender and therefore Supplier is willing and able to provide the services specified in Annex 1 to EIT UM (the "Services") under the terms and conditions set forth in this Agreement.

NOW, THEREFORE, THE PARTIES HAVE AGREED AS FOLLOWS:

Structure of the Agreement and precedence

This Agreement consists of the body of this Agreement and Annex 1 attached to this Agreement, as well as the Tender.

The body contains standard general provisions applicable to all Services purchased by EIT UM from Supplier under this Agreement.

Annex 1 contains the description of the Services and the time schedule for the delivery of such Services (extracted from Supplier's Offer), as well as additional specific conditions and details adapted to the type of Services purchased by EIT UM from Supplier under this Agreement.

In case of discrepancy between the description of Services and time schedule in the EIT UM Tender and the description of Services and time schedule in Annex 1, the EIT UM Tender shall prevail. In case of discrepancy between a provision in the body and a provision in Annex 1, the provision in the body shall prevail unless the deviating provision in Annex 1 states expressly that it is specifically agreed by both Parties as being in deviation of a specific provision of the body and refers clearly to the provision of the body concerned.

Ordering of Services, non-applicability of Supplier's (standard) terms and conditions

Supplier does not commit to provide the Services exclusively to EIT UM, unless and to the extent provided in Annex 1 for certain specific types of Services.

The contractual relationship between EIT UM and Supplier shall solely be governed by the terms and conditions of this Agreement. EIT UM is therefore not bound by and expressly rejects Supplier's general conditions of services and any additional or different terms or provisions that may appear on any proposal, quotation, price list, acknowledgment, invoice, packing slip or the like used by Supplier.

Performance of the Services, organization, quality, timely delivery, subcontracting, reporting of progress, acceptance, changes

With due observance of the other provisions of the Agreement, Supplier shall perform the Services specified under Annex 1 for EIT UM under this Agreement, within the time schedule specified under Annex 1.

Supplier agrees to perform the Services by exercising due skill, speed, and care, at a level generally required of well-reputed Suppliers in the same field as the one covered by this Agreement and shall make every effort to the best of Supplier's abilities to serve the interests of EIT UM as much as possible.

Supplier is free to organise the way it provides the Services and the timing thereof autonomously and at its own discretion without supervision or authority of EIT UM, (i) provided the Services are performed accurately and diligently and in accordance with the requirements of this Agreement, including the timely delivery of the Services as specified under Annex 1, and (ii) subject to specific requirements as may be stated in Annex 1 regarding the way the Services shall be provided. Supplier may conduct its business activities from its own premises but may be requested to operate from EIT UM's premises whenever it is necessary for the performance of the Services. Supplier shall arrange their own travel, should they need to travel in order to perform the Services. When performing the Services, Service Provider shall use its own tools and materials, work forces. Supplier shall be fully responsible for the proper execution of this Agreement in all respects.

Supplier shall use personnel who possess the qualifications and experience necessary for the performance of the Services. Additional requirements relating to personnel may be provided in Annex 1, as the case may be.

Unless otherwise specifically provided under Annex 1, Supplier may subcontract part of the provision of the Services to subcontractors, provided such subcontractors are contractually bound by similar obligations as under this Agreement, and provided Supplier has disclosed the elements of the Agreement to be subcontracted and the identity of the relevant subcontractor to EIT UM. Supplier remains at all times responsible for the work performed by its subcontractors and for the acts, defaults and negligence of such subcontractors, and no subcontract shall create any contractual relationship between any subcontractor and EIT UM. Additional requirements relating to subcontracting may be provided in Annex 1, as the case may be.

In order for EIT UM and Supplier to monitor the proper performance of the Services throughout the Term of the Agreement (as described in Article 0 below), Supplier shall report to EIT UM progress of the performance of the Services, in writing, at intervals and under

conditions specified under Annex 1. Supplier shall provide EIT UM with time sheets describing the tasks performed by Supplier and the time spent on each task, pursuant to the regularity provided under Annex 1 and pursuant to the time sheet template provided by EIT UM separately.

If, for whatever reason, Supplier is not able to perform the agreed Services, or is not able to meet the deadlines agreed in Annex 1, Supplier shall notify EIT UM hereof promptly in writing, and shall take any reasonable measure to mitigate the consequences of such situation, in agreement with EIT UM.

Services delivered are subject to the acceptance of EIT UM. EIT UM shall issue a performance certificate after completion of Services. Should EIT UM fail to reject part, or all of the Services provided within fifteen (15) (or other deadline set forth in Annex 1) calendar days as from such delivery, on the grounds of a lack of quality or compliance, or because of late delivery, Services shall be considered as accepted. Should EIT UM reject a Service (within the above deadline) because of lack of quality or compliance, and such failure is capable of remedy, Supplier shall re-perform the rejected (part of the) Service promptly (but no later than five (5) calendar days in absence of any further instructions) at no additional charge for EIT UM. Should such failure be not capable of remedy (given the type of Service and/or the extent of the failure) or should the delivery have occurred after an essential delivery deadline which renders the Service irrelevant or useless, the Services at stake shall be considered as rescinded, and EIT UM is not obliged to provide any compensation to Supplier for such Services.

Modifications to the Services and/or other provisions of this Agreement may only be agreed by the Parties as per the EIT UM procurement rules, i.e. if:

- (a) mutually agreed in writing, and
- (b) the need for modification has been brought about by circumstances which a diligent contracting entity could not foresee; and
- (c) the modification does not alter the overall nature of the contract; and
- (d) any increase in price is not higher than 25 % of the original value of the Agreement. In addition, if several successive increases in price would be agreed, the total cumulating of such successive increases shall not exceed 25% of the original value of the Agreement; and
- (e) modifications above 10% of the original value of the Agreement should only amend specific conditions of the Agreement and be made by way of an amendment to this Agreement signed by both Parties.

Compensation, invoicing and payment, expenses

Supplier is entitled to charge, in respect of Supplier's Services as described under Annex 1, the compensation specified in Annex 1 per Service.

Supplier may only charge the amounts under Article 0 corresponding to the delivered Services, after acceptance of such Services by EIT UM.

Further, Supplier may only charge the amounts under Article 0 subject to (i) EIT UM having received a correct invoice bearing the essential elements below, (ii) all relevant progress reports relating to the delivered Services so invoiced having been properly delivered to EIT UM in a timely manner and accepted by EIT UM in writing (as the case may be).

An invoice shall be considered as correct when containing the following essential elements:

- (a) the name and address of Supplier
- (b) the VAT identification number of Supplier
- (c) the VAT identification number of EIT UM
- (d) the name and address of EIT UM
- (e) the invoice number
- (f) the invoice date
- (g) the date on which the Services were supplied (provided EIT UM has accepted them pursuant to this Agreement)
- (h) the quantity and type of goods supplied (if applicable)
- (i) the nature and type of Services supplied
- (j) the following data for every VAT tariff or exemption:

the price per piece or unit, excluding VAT

any reductions that are not included in the price

the VAT tariff that has been applied

the cost (the price excluding VAT)

in case of advance payment: the date of payment, if this is different from the invoice date

the amount of VAT

By deviation to Article 0, Supplier may charge the amounts under Article 0, at the beginning of each (quarterly, monthly, or other) period specified in Annex 1, if such alternative is specifically agreed by EIT UM in Annex 1. In such a case, requirements of Article 0 shall apply to each regular invoice.

The payment term applying to Supplier invoices fulfilling the requirements of this 0 is fixed in Annex 1.

All amounts corresponding to the compensation per Service, as fixed in Annex 1, shall be fixed tariffs, which may not be revised during the Term of this Agreement (as described in Article 0 below), unless specifically provided otherwise in Annex 1 (and within the limits of the price revision mechanisms authorised under the procurement procedure).

Supplier may charge expenses to EIT UM, to the extent Annex 1 provides for such possibility.

Expenses shall only be paid if EIT UM has given its written approval prior to Supplier incurring said costs.

If Supplier fails to fulfil any of its obligations under the Agreement, EIT UM may suspend payment to Supplier, upon notice to Supplier.

Supplier hereby unconditionally accepts that EIT UM has the right to set off any amount that EIT UM owes to Supplier under this Agreement, with any amount Supplier owes to EIT UM under this Agreement or any other agreement.

Taxes, other contributions, no employment agreement and related indemnification

All tariffs are gross amounts but exclusive of any value added tax (VAT), sales tax, GST, consumption tax or any other similar tax ("Taxes").

If the Services under this Agreement are subject to any other Taxes, Supplier may charge such Taxes to EIT UM, which taxes shall be paid by EIT UM in addition to the compensation for Supplier. Supplier is responsible for paying any applicable Taxes to the appropriate (tax) authorities.

In addition to Articles 0 and 0, all social security, fiscal charges or taxation of any kind and contributions of any kind including but not limited to value added, levies, withholdings, unemployment, medical insurance and insurance of any kind, pensions, national insurance

contributions and social security benefits, as imposed by any law, accommodation and travel costs, living expenses, or other expenses and charges arising from this Agreement, will be the exclusive responsibility of Supplier, who must pay such taxes, charges, any kind of expenses and contributions directly to the competent authorities or employees (as the case may be) (altogether called "**Contributions**").

Supplier shall perform the Services hereunder as an independent contractor and not as an agent of EIT UM and nothing contained in the Agreement is intended to create a partnership, joint venture, or employment relationship between the Parties irrespective of the extent of economic dependency of Supplier on EIT UM.

Supplier shall indemnify and keep EIT UM harmless from any claims from any authority for payment of any Contributions, including all interest charged in respect thereof, surcharges and possible administrative fines in connection with the Services performed by Supplier on the basis of the Agreement.

Intellectual property, ownership and licensing, IP infringement indemnification

"**Intellectual Property Rights**" or "**IP**" shall mean patents, utility certificates, utility models, (industrial) design rights, copyrights, database rights, trademarks, trade names and trade secrets, including moral rights and any applications, renewals, extensions, combinations, divisions, discontinuations, or re-issues of the foregoing.

Unless expressly specified otherwise in Annex 1, should the performance of the Services entail the delivery of (written) advice, reports or any other materials or results ("**Deliverables**"), the ownership of any Intellectual Property Rights in such Deliverables shall be vested in EIT UM.

In addition to Article 0, any item provided by EIT UM (or by a third party designated by EIT UM on behalf of EIT UM) and used to perform the Services and/or embedded in the delivered Services, shall at all times remain the ownership of EIT UM. Supplier shall have no right, title, or interest in any of these items nor any trademark or trade name from EIT UM.

By exception to Article 0, Intellectual Property Rights owned or controlled by Supplier before the start of the performance of the Services shall remain the ownership of Supplier ("**Background IP**").

Supplier hereby grant a non-exclusive, royalty-free and fully paid-up, worldwide, irrevocable and perpetual license under its Background IP used for the performance of the Services, to EIT UM, with the right to sublicense, for the use, make, have made, build-in, market, sell, lease, license distribute and/or otherwise dispose of the Services and/or Deliverables.

Supplier shall not, without EIT UM' prior written consent, publicly make any reference to EIT UM, whether in press releases, advertisements, sales literature or otherwise.

Unless expressly specified otherwise in Annex 1,

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, partners, contractors and employees in respect of any and all claims, damages, costs and expenses (including but not limited to loss of profit and reasonable attorneys' fees) in connection with any third party claim that any of the Services alone or in any combination or their use infringes any third party IPRs, or, if so directed by EIT UM, shall defend any such claim at Supplier's own expense. By "**Affiliates**" is meant any and all companies, firms and legal entities with respect to which now or hereafter EIT UM, directly or indirectly holds 50% or more of the nominal value of the issued share capital or 50% or more of the voting power at general meetings or has the power to appoint a majority of directors or otherwise to direct the activities of such company, firm or legal entity, including but not limitedly through a domination agreement.

EIT UM shall give Supplier prompt written notice of any such claim, provided, however, any delay in notice shall not relieve Supplier of its obligations hereunder except to the extent it is prejudiced by such delay. Supplier shall provide all assistance in connection with any such claim as EIT UM may reasonably require.

If any Services alone or in any combination, provided under the Agreement are held to constitute an infringement or if their use is enjoined, Supplier shall, as directed by EIT UM, but at its own expense: either 1) procure for EIT UM or its users the right to continue using the Services alone or in any combination; or 2) replace or modify the Services alone or in any combination with a functional, non- infringing equivalent.

If Supplier is unable either to procure for EIT UM the right to continue to use the Services alone or in any combination or to replace or modify the Services alone or in any combination in accordance with the above, EIT UM may terminate the Agreement and upon such termination, Supplier shall reimburse to EIT UM the price paid, without prejudice to Supplier's obligation to indemnify EIT UM as set forth herein.

Confidentiality, documents

"Confidential Information" means any and all proprietary and/or confidential data and information, such as but not limited to commercial and/or technical information, that EIT UM, its Affiliates or representatives may disclose directly or indirectly, whether in writing or any other form, to Supplier that is related to the Service, which (a) is marked as "confidential" or "proprietary" or words of similar import when disclosed, and (b) is orally

disclosed and is summarized and described as confidential in a writing that is delivered to Supplier within fifteen (15) days of disclosure.

During the period beginning on the Effective Date (as specified in Annex I) and continuing for a period of five (5) years thereafter (the “**Confidentiality Period**”), Supplier agrees not to: (i) use EIT UM’ Confidential Information for any purpose other than for the Service; and (ii) disclose EIT UM Confidential Information to any third party, except to its employees and other persons under its supervision that are operating within its organization, including without limitation, its Partners’ employees who (A) have a legitimate “need to know” to accomplish the Service, and (B) are obligated to protect such Confidential Information pursuant to terms and conditions not less restrictive than those contained in this Agreement. Supplier shall protect EIT UM’ Confidential Information as required hereunder using the same degree of care, but no less than a reasonable degree of care, as Supplier uses to protect its own confidential information of a like nature.

Supplier’s obligations above shall not apply to any data or information that it can prove: (a) is lawfully available to Supplier, prior to the time of receipt from EIT UM as verified by written records; (b) is or becomes publicly available without violation of this Agreement or any other obligation of confidentiality and through no act or omission of Supplier; (c) is lawfully furnished to Supplier by a third party without use or disclosure restrictions; or (d) is developed by Supplier without use of or reference to any of EIT UM’ Confidential Information. Furthermore, a disclosure by Supplier that is required pursuant to any judicial or governmental proceeding shall not be considered a breach of this Agreement, provided that Supplier promptly after learning of such action shall notify, to the extent permitted by applicable law, EIT UM thereof to give EIT UM the opportunity to contest disclosure or to seek any available legal remedies to maintain such information in confidence.

Supplier is not permitted - alone or with or through others – to remove, dispatch, transmit or allow any third parties to inspect, use or otherwise have access to any property belonging to EIT UM or any of its Affiliates, including but not limited to any notes, drawings, letters, formulas, recipes, other documents and/or any copies thereof, tools, designs, products manufactured or (copies of) computer files or other data carriers, unless EIT UM has given its prior written permission to any such action.

EIT UM shall remain the owner of all property it has made available to Supplier in connection with this Agreement.

Supplier shall make all property belonging to EIT UM (or its Affiliates) such as, but not limited to any notes, drawings, letters, formulas, recipes, other documents and/or copies of such matters, tools, models, finished products, (copies of) automated files or other data carriers, which come into its possession during the term of this Agreement, available to EIT UM in

good condition immediately upon initial request, but in any case on the day on which the Agreement ends.

Personal data

For the purpose of this Agreement,

- “**Personal Data**” shall mean any and all information relating to an identified or identifiable individual, including but not limited to EIT UM current or former employees, employee family members, dependents or beneficiaries, customers, consumers, suppliers, business partners or contractors;
- “**Processing**” shall mean any operation or set of operations performed or to be performed upon Personal Data, whether or not by automatic means, such as creation, access, collection, recording, organization, storage, loading, employing, adaptation or alteration, retrieval, consultation, displaying, use, disclosure, dissemination or otherwise making available, alignment or combination, blocking, erasure or destruction (hereinafter also referred to as a verb “**Process**”).

Where Supplier in the performance of the Agreement Processes Personal Data, then Supplier agrees and warrants that Supplier shall:

- (a) comply with all privacy and data protection law and regulations applicable to its Services;
- (b) Process Personal Data only (i) on behalf of and for the benefit of EIT UM, (ii) in accordance with EIT UM’ instructions, and (iii) for the purposes authorized by this Agreement or otherwise by EIT UM, and (iv) insofar necessary for the Services rendered to EIT UM and as permitted or required by law;
- (c) maintain the security, confidentiality, integrity, and availability of the Personal Data;
- (d) implement and maintain appropriate technical, physical, organizational, and administrative security measures, procedures, practices, and other safeguards to protect the Personal Data against (i) anticipatable threats or hazards to its security and integrity; and (ii) loss, unauthorized access to, or acquisition or use of or unlawful Processing; and
- (e) promptly inform EIT UM of any actual or suspected security incident involving the Personal Data.

Without prejudice to the above, where Supplier in the performance of the Agreement processes Personal Data, the Parties also execute the data processing agreement attached as Annex 2.

To the extent that Supplier allows a (sub)contractor to process the Personal Data, Supplier shall ensure that it binds such (sub)contractor to obligations which provide a similar level of protection, but in no way less restrictive, as this 0.

Supplier shall, upon the termination of the Agreement, securely erase or destroy all records or documents containing the Personal Data. Supplier accepts and confirms that it is solely liable for any unauthorized or illegal processing or loss of the Personal Data if Supplier fails to erase or destroy the Personal Data upon termination of the Agreement.

Supplier shall indemnify and hold harmless EIT UM, their officers, agents and personnel from any damages, fines, losses, and claims arising out of a breach of this 0.

Liability, indemnification, insurance

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, agents and employees, from and against all suits, actions, legal or administrative proceedings, claims, demands, damages, judgments, liabilities, interest, attorneys' fees, costs and expenses of whatsoever kind or nature (including but not limited to special, indirect, incidental, consequential damages), whether arising before or after completion of the performance of the Services covered by the Agreement, in any manner caused or claimed to be caused by the acts, omissions, faults, breach of express or implied warranty, breach of any of the provisions of this Agreement, or negligence of Supplier, or of anyone acting under its direction or control or on its behalf, in connection with Services or any other information furnished by Supplier to EIT UM under the Agreement.

Supplier warrants that it has taken out sufficient insurance against the aforementioned damage, costs and interest, or has made a sufficient provision for this purpose and is obliged to fully disclose to EIT UM immediately upon initial request all the (policy conditions of the) aforementioned insurance(s) and/or provisions. Supplier shall indemnify EIT UM and shall pay its insurance proceeds to EIT UM and furthermore indemnify for the excess amount of the total claim of damages that is not covered by the insurance of Supplier or any other insurance. EIT UM shall be entitled to take legal action against Supplier.

Neither Party excludes or limits its liability for death or personal injury arising from its own negligence, fraud, breach of confidentiality or for any liability that cannot by law be excluded or limited.

Subject to Article 0, in no event shall EIT UM be liable under any theory of liability, for indirect, incidental, special, consequential or punitive damages, which includes without limitation damages for lost profits or revenues, lost business opportunities, loss of image or lost data, even if EIT UM has been advised of the possibility of such damages and in no event shall

EIT UM be liable to Supplier, its successors or assigns for damages in excess of the amount due to Supplier for complete performance under the Agreement, less any amounts already paid to Supplier by EIT UM.

Subject always to Article 0, depending on the nature of the Services and the liability risk associated therewith, a cap to the liability of Supplier under this Agreement may apply only if expressly mutually agreed in writing in Annex 1.

Suspension, termination of the Agreement

The Agreement is entered into as from the Effective Date (as specified in Annex 1) and shall end by operation of law, without the requirement of prior notice of termination, on the date the last of the Services have been delivered by Supplier, accepted, and paid by EIT UM (the "Term").

As an exception to the above, EIT UM may suspend, withdraw, dissolve, or terminate this Agreement fully or partially with immediate effect without incurring any penalty or compensation if and as soon as:

- (a) Supplier breaches any of its material obligations under this Agreement and, notwithstanding a written request from EIT UM to repair the current breach and to take appropriate measures to prevent such a breach in the future, fails to comply with such a request within a reasonable deadline fixed by EIT UM in the notice; or
- (b) EIT UM, in its reasonable discretion, determines that Supplier is not able to perform the Services as required; or
- (c) Supplier fails to provide EIT UM with adequate assurance of performance following request by EIT UM; or
- (d) Supplier files a petition for bankruptcy or is declared bankrupt; or
- (e) Supplier has become unable to pay its debts as they fall due or make any special arrangement(s) or composition with its creditors;
- (f) Supplier enters into voluntary or judicial liquidation;
- (g) the business of Supplier ceases to exist or control, or ownership is taken over by a third party;
- (h) as a result of the termination of the European programme(s) which requested EIT UM to enter into this Agreement (as the case may be).
- (i) in case EIT UM does not sign a grant agreement with the European Institute of Innovation and Technology (EIT) for the Business Plan 2026-2028 before 31st January 2026. Should such lack of signature occur, EIT UM shall notify the Supplier and inform them about the suspension or termination of the agreement. In case of suspension, suspension shall last from notice of suspension up until the earliest of (i) the date

included in the notice of suspension lift or (ii) 31st March 2026. If lifted, suspension will not alter the original termination date of the agreement. Should EIT UM not have assigned a Grant Agreement with EIT by 31st March 2026, the Agreement shall be fully and automatically terminated with immediate effect without incurring any penalty or compensation.

As from receipt of a termination notice from EIT UM (under any legal ground), Supplier shall take immediate steps to bring the terminated Services to a closure in a prompt and orderly manner and to reduce expenditure to a minimum.

Supplier may, after giving fourteen (14) calendar days written notice to EIT UM, terminate the Agreement if EIT UM:

- (a) Fails for more than one hundred twenty (120) calendar days to pay Supplier the amounts due after the expiration of the payment term stated in 0 or
- (b) Consistently fails to meet its material obligations after repeated reminders; or
- (c) Suspends the progress of the Services or any part thereof for more than ninety (90) calendar days for reasons not specified in the Agreement, or not attributable to Supplier's breach or default.

Safeguarding of EU's financial interest and conflict of interest

Supplier accepts without reservation that during the implementation of the Agreement and for four (4) years after the completion of the Agreement, EIT UM has the right to transfer the tender proposal and the Agreement with Supplier to: (i) internal audit services; (ii) the EIT; (iii) the European Court of Auditors; (iv) the Financial Irregularities Panel or; (v) the European Anti-Fraud Office, for the purposes of safeguarding the EU's financial interests.

Supplier confirms that it shall take all measures to prevent any situation where the impartial and objective implementation of the Agreement is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). The Supplier is obliged to inform EIT UM immediately if there is any change in the above circumstances at any stage during the implementation of the tasks under the Agreement.

Miscellaneous

All notices given under this Agreement shall be given in writing. Any subsequent change of address shall be promptly notified by the Party concerned to the other Party and embodied in an amendment to the preamble of this Agreement.

In the event that Supplier is prevented from performing any of its obligations under the Agreement for reason of force majeure (being an event unforeseeable and beyond the control of Supplier) and Supplier has provided sufficient proof for the existence of the force majeure, the performance of the obligation concerned shall be suspended for the duration of the force majeure. EIT UM shall be entitled to immediately terminate the Agreement by written notice to Supplier if the context of the non- performance justifies immediate termination, and in any event if the circumstance constituting force majeure endures for more than thirty (30) days and, upon such notice, Supplier shall not be entitled to any form of compensation in relation to the termination. Force majeure on the part of Supplier shall in any event not include shortage of personnel or production materials or resources, strikes, not officially declared epidemic or pandemic, breach of contract by third parties contracted by Supplier, financial problems of Supplier, nor the inability of Supplier to secure the necessary licenses in respect of software to be supplied or the necessary legal or administrative permits or authorizations in relation to the Services to be supplied.

Supplier shall not transfer, pledge, or assign any of its rights or obligations under the Agreement without the prior written consent of EIT UM. Any such pre-approved, transfer, pledge or assignment shall be null and void and have no effect vis-à-vis such third party.

The rights and remedies reserved to EIT UM are cumulative and are in addition to any other or future rights and remedies available under the Agreement, at law or in equity.

Neither the failure nor the delay of EIT UM to enforce any provision of the Agreement shall constitute a waiver of such provision or of the right of EIT UM to enforce each and every provision of the Agreement.

No course or prior dealings between the Parties, no course of performance, and no usage of the trade shall be relevant to determine the meaning of the Agreement and to modify the provisions of this Agreement.

No waiver, consent, modification, or amendment of the terms of the Agreement shall be binding unless made in a writing specifically referring to the Agreement signed by EIT UM and Supplier.

In the event that any provision(s) of this Agreement shall be held invalid, unlawful, or unenforceable by a court of competent jurisdiction or by any future legislative or administrative action, such holding, or action shall not negate the validity or enforceability of any other provisions of the Agreement. Any such provision held invalid, unlawful, or unenforceable, shall be substituted by a provision of similar import reflecting the original intent of the clause to the extent permissible under applicable law.

All terms and conditions of the Agreement which are destined, whether express or implied, to survive the termination or the expiration of the Agreement, including but not limited to Intellectual Property, Confidentiality and Personal Data, shall survive.

The Agreement shall be governed by and construed in accordance with the laws of the country or state in which the EIT UM ordering entity is located, as applicable.

Supplier and EIT UM each consents to the exclusive jurisdiction of the competent courts in (i) the city in which the EIT UM ordering entity is located; or (ii), at the option of EIT UM, the jurisdiction of the entity of Supplier to which the order was placed, or (iii), at the option of EIT UM, for arbitration in which case Article 0 applies. Supplier hereby waives all defences of lack of personal jurisdiction and forum non-convenience.

If so chosen by EIT UM in accordance with Article 0, any dispute, controversy, or claim arising out of or in connection with this Agreement, or their breach, termination or invalidity shall be finally settled solely under the International Chamber of Commerce Rules of arbitration (ICC), which Supplier and EIT UM declare to be known to them. Supplier and EIT UM agree that: (i) the appointing authority shall be the ICC-International Chamber of Commerce of Paris, France; (ii) there shall be three (3) arbitrators; (iii) arbitration shall take place in the jurisdiction of the EIT UM entity mentioned in the recitals or, at the option of EIT UM, the jurisdiction of Supplier's entity mentioned in the recitals; (iv) the language to be used in the arbitration proceedings shall be English; and (v) the material laws to be applied by the arbitrators shall be the laws as determined under Article 0.

The United Nations Convention on International Sale of Goods shall not apply to the Agreement.

Should such lack of signature occur, EIT UM shall notify the Supplier and inform them about the suspension or termination of the agreement. In case of suspension, suspension shall last from notice of suspension up until the earliest of (i) the date included in the notice of suspension lift or (ii) 31st March 2026. If lifted, suspension will not alter the original termination date of the agreement. Should EIT UM not have assigned a Grant Agreement with EIT by 31st March 2026, the Agreement shall be fully and automatically terminated with immediate effect without incurring any penalty or compensation.

Annex 2 to the Services Agreement

Data Processing Agreement

- I. The processing of personal data is subject to Regulation (EU) 2016/679 of the European Parliament and Council regarding the protection of individuals in respect of the processing of their personal data and of the free circulation of such data (hereinafter referred to as "**GDPR**") and the Spanish Organic Law 3/2018, of 5th December, on Personal Data Protection and Guarantee of Digital Rights.
- II. The Parties have determined to enter into this data processing agreement (hereinafter referred to as the "**Data Processing Agreement**") having due regard to Article 28 of the GDPR.
- III. This Data Processing Agreement is an integral part to the service agreement agreed between the Parties (hereinafter referred to as the "**Agreement**")
- IV. In the course of providing the services, the Supplier as "**Data Processor**" may process personal data on behalf of EIT UM (hereinafter referred to as: "**Personal Data**"). Therefore, the Parties agree to comply with the following provisions with respect to any Personal Data, each acting reasonably and in good faith.

NOW IT IS HEREBY AGREED as follows:

1. Purpose of the Processing Engagement.

1.1 The purpose of this Data Processing Agreement is to establish the conditions under which during the provision of services the Data Processor shall be responsible for the processing of the Personal Data contained in some databases owned by the EIT UM and/or the Personal Data collected from data subjects, in order to be able to fulfill with the Agreement obligations. In no case the Data Processor may use the data to its own purposes.

2. Processing of EIT UM's Personal Data

- 2.1 EIT UM instructs the Data Processor to process EIT UM's Personal Data.
- 2.2 The Data Processor shall:

- 2.2.1 Comply with all applicable data protection laws in the processing of EIT UM's Personal Data;
- 2.2.2 Not process EIT UM's Personal Data other than on the relevant EIT UM's documented instructions and only for the purpose of providing the services under the Agreement. If the Data Processor considers that any of the instructions infringes the GDPR or any other data protection regulation, the Data Processor shall immediately inform EIT UM.
- 2.2.3 In the event that the Data Processor needs to process Personal Data of any data subject on behalf of the EIT UM, the Data Processor shall comply with the GDPR in the collection of any such data, including collecting the data subjects express consent, where applicable and if so instructed by EIT UM. Upon EIT UM requirement, the Data Processor shall use the consent form provided by EIT UM.
- 2.2.4 Describe the specifications of the processing: subject-matter, duration nature and purpose of the processing, the type of personal data, categories of data subjects and the subcontracted processing, according to **Exhibit A**.
- 2.2.5 If applicable, keep a written record of all categories of processing activities carried out on behalf of EIT UM according to art. 30.5 of the GDPR, containing:
 - The name and contact details of the Data Processor and sub-processors and each person in charge of the processing.
 - The categories of processing carried out on behalf of each responsible.
 - If applicable, transfers of Personal Data to a third country or international organisation, including the identification of that third party country or international organization and, in the case of transfers referred to in the second subparagraph of Article 49 (1) of the GDPR, the documentation of adequate guarantees.
 - An overview of the technical and organizational measures of security relating to:
 - Pseudonymization and encryption of Personal Data.
 - The ability to ensure the permanent confidentiality, integrity, availability and resilience of processing systems and services.
 - The ability to restore availability and access to Personal Data quickly, in the event of a physical or technical incident.

- The process of regular verification, evaluation, and valuation of the effectiveness of technical and organisational measures to guarantee the security of the treatment.

2.2.6 Not to communicate the Personal Data to third parties, except with the express authorisation of the Data EIT UM, in the legally admissible cases.

The Data Processor may communicate the Personal Data to other processors of the same EIT UM, in accordance with EIT UM's instructions. In this case, EIT UM shall identify, in advance and in writing, the entity to which the data must be communicated, the data to be communicated and the security measures to be applied for the communication.

3. Data Processor Personnel

3.1 The Data Processor shall take reasonable steps to ensure the reliability of any employee, agent or contractor of any sub-contracted processor who may have access to EIT UM's Personal Data, ensuring in each case that access is strictly limited to those individuals who need to know or access the relevant EIT UM's Personal Data, as strictly necessary for the purposes of the Agreement, and to comply with the applicable laws in the context of that individual's duties to the sub-processor, ensuring that all such individuals are subject to confidentiality undertakings or professional or statutory obligations of confidentiality.

4. Security

4.1 Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of the processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, the Data Processor shall in relation to EIT UM's Personal Data implement appropriate technical and organizational measures to ensure a level of security appropriate to that risk, including, as appropriate, the measures referred to in Article 32(1) of the GDPR.

4.2 In assessing the appropriate level of security, Data Processor shall take account the risks that are presented by the processing, in particular from a Personal Data breach.

4.3 In any case, the Data Processor shall implement mechanisms to:

- Ensure the continued confidentiality, integrity, availability and resilience of processing systems and services.

- Restore availability and access to Personal Data in a timely manner in the event of a physical or technical incident.
- Verify, evaluate and assess, on a regular basis, the effectiveness of the technical and organizational measures in place to the security of the processing.
- Pseudonymize and encrypt Personal Data, where appropriate.
- Designate a data protection officer and communicate his/her identity and contact details to the EIT UM, where appropriate.

5. Outsourcing

5.1 The Data Processor shall not outsource the provision of any of the services to be performed under this Data Processing Agreement which involve the processing of Personal Data, except for ancillary services needed for the normal operation of the Data Processor's services.

5.2 When it is necessary to outsource any processing, EIT UM shall be informed by written means of this fact in writing 15 days in advance, and receive an indication of the processing that is intended to be outsourced and identify clearly and unambiguously the subcontractor and its contact details. The outsourcing may be undertaken only if the EIT UM approves it.

5.3 The subcontractor, who will also be a processor, shall be obliged to comply with the Data Processor's obligations under this Data Processing Agreement and with any instructions issued by the EIT UM. It is the Data Processor's responsibility to regulate the new relationship so that the subcontractor may be subject to the same conditions (instructions, obligations, security measures, etc.) and the same formal requirements as the Data Processor regarding the proper processing of Personal Data and the safeguarding of the rights of data subjects. In the event of non-compliance on the part of the subcontractor, the Data Processor will remain fully liable to the EIT UM.

6. Data Subject Rights

6.1 Taking into account the nature of the processing, the Data Processor shall assist EIT UM by implementing appropriate technical and organizational measures, in so far as this is possible, for the fulfilment of EIT UM's obligations, as reasonably understood by EIT UM, in responding to the exercise of the rights of:

- Access, rectification, erasure and objection.
- Limitation of processing

- Data portability
- Not to be subject to automated individualized decisions (including profiling).

6.2 When the data subjects exercise their rights, the Data Processor must communicate this by e-mail to the address indicated by EIT UM. The communication must be made immediately and in no case later than the working day following receipt of the request, together, where appropriate, with other information that may be relevant for resolving the request.

7. Personal Data Breach

7.1 The Data Processor shall notify EIT UM without undue delay upon becoming aware of a Personal Data breach affecting EIT UM's Personal Data, providing EIT UM with sufficient information to allow EIT UM to meet any obligations to report or inform data subjects of the Personal Data breach under the data protection laws.

7.2 The Data Processor shall co-operate with EIT UM and take reasonable commercial steps as are directed by EIT UM to assist in the investigation, mitigation and remediation of each such Personal Data breach.

7.3 If available, the following information, as a minimum, shall be provided:

- a) Description of the nature of the Personal Data breach, including, where possible, the categories and approximate number of data subjects affected;
- b) The name and contact details of the data protection officer or other point of contact from whom further information may be obtained;
- c) Description of the possible consequences of the Personal Data breach;
- d) Description of the measures taken or proposed to be taken to remedy the Personal Data breach, including, where appropriate, the measures to mitigate the possible negative effects;

If and to the extent that it is not possible to provide the information at the same time, the information shall be provided in a phased manner without undue delay.

8. Data Protection Impact Assessment and Prior Consultation

8.1 The Data Processor shall provide reasonable assistance to EIT UM with any data protection impact assessments, and prior consultations with supervising authorities or other competent data privacy authorities, which EIT UM reasonably considers to be required by article 35 or 36 of the GDPR or equivalent provisions of any other data protection law, in each case solely in relation to processing of EIT UM's Personal Data by, and taking into account the nature of the processing and information available to the subcontractors.

9. Deletion or return of EIT UM's Personal Data

9.1 Processor shall promptly and in any event within 10 business days of the date of cessation of any services involving the processing of EIT UM's Personal Data, delete and procure the deletion of all copies of those EIT UM's Personal Data.

9.2 However, the Processor may keep a copy of the data, with the data duly blocked, for as long as liability may arise from the performance of the service.

9.3 Processor shall provide written certification to EIT UM that it has fully complied with this section 9 within 10 business days of the cessation date.

10. Audit rights

10.1 The Data Processor shall make available to EIT UM, upon request, all information necessary to demonstrate compliance with this Data Processing Agreement and shall allow and contribute to audits, including inspections, by EIT UM or an auditor mandated by EIT UM in relation to the processing of EIT UM's Personal Data.

11. Data Transfer

11.1 The Data Processor may not transfer or authorize the transfer of Personal Data to countries outside the EU and/or the European Economic Area (EEA) without the prior written consent of EIT UM. If Personal Data processed under this Data Processing Agreement is transferred from a country within the European Economic Area to a country outside the European Economic Area, the Parties shall ensure that the Personal Data are adequately protected. To achieve this, the Parties shall, unless agreed otherwise, rely on EU approved standard contractual

clauses for the transfer of Personal Data.

12. General Terms

12.1 Confidentiality. Each Party must keep this Data Processing Agreement and the information it receives about the other Party and its business in connection with this Data Processing Agreement confidential and must not use or disclose that confidential information without the prior written consent of the other Party except to the extent that:

- (a) disclosure is required by law;
- (b) the relevant information is already in the public domain.

12.2 Notices. All notices and communications given under this Data Processing Agreement must be in writing and will be delivered personally, sent by email to the email address set out in the Agreement.

TENDERER'S DECLARATION

Dear Sir/Madam,

In response to your letter of invitation for the above contract I, < Name and position of authorised representative of the firm>, hereby declare that we:

are submitting this tender for this contract. We confirm that we are not participating in any other tender for the same contract in any form (as in a consortium or as an individual candidate);

we also confirm that we shall take all measures to prevent any situation where the impartial and objective implementation of the contract is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). We will inform the Contracting Authority immediately if there is any change in the above circumstances at any stage during the implementation of the tasks;

we accept that during the implementation of the contract and for four years after the completion of the contract, the supplier must keep confidential any data, documents or other material that is identified as confidential at the time it is disclosed ('confidential information').

we accept that during the implementation of the contract and for four years after the completion of the contract, the Contracting Authority has the right for the purposes of safeguarding its financial interests, the proposal and the contract of the supplier may be transferred to internal as well as external audit services.

We understand that if the information provided is proved false, the award may be considered null and void.

Yours faithfully,

<Signature of authorised representative>
