

EIT Community New European Bauhaus

**Enhance NEB 2027 Call
Info Session**
6 October 2026

Enhance NEB 2027 Call Info Session

Thanks for joining us! We'll wait a couple of minutes to give everyone some time to join.

Please introduce yourselves in the chat, tell us where you're joining us from :)

Enhance NEB 2027 Call Info Session

11:00 - 11:30	Introduction to the Call
11:30 - 11:40	Guidelines on Proposal Submission
11:40 - 12:00	Questions & Answers

- This meeting is being recorded
- You can leave your questions in the Q&A chat

EIT Community NEB

New European Bauhaus

Sustainable, Together, Beautiful

Europe's Largest Innovation Network

EIT Community NEB

- [EIT Community NEB Impact Report 2025](#)
- [EIT Community NEB LinkedIn](#)

Enhance NEB

Funding for 2025 and 2026 Connect NEB and Co-create NEB projects, open to new partners

up to €92,500 grant + 20% co-funding

Consortia of 2-4 partners
including a public entity
(1 previous partner)

12-month projects

Looking for projects that:

- Strengthen the project by ensuring the long-term sustainability and impact
- Scale up solutions
- Replicate the proposal in new locations

Timeline

General

Proposals must serve the purpose of:

- **the 3 NEB values:**
 - Sustainable: from climate goals, to circularity, zero pollution, and biodiversity.
 - Beautiful: quality of experience and style, beyond functionality.
 - Together: from valuing diversity to equality for all, accessibility and affordability
- **the 3 key NEB guiding principles:**
 - A multilevel approach: from global to local
 - A participatory approach
 - A transdisciplinary approach
- **one of the 3 thematic areas**
 - Urban Mobility
 - Food
 - Climate

Key goal

Build on the work carried out during the previous programme through **continued collaboration with the communities, consolidating organisational capacity and established practices**. Though one of the three pathways below:

- **Strengthening the project** by deepening collaboration with partners and local networks, ensuring the ongoing sustainability of the solutions or methodologies developed, and increasing their impact and benefits for local communities and territories,
- **Scaling up the solution** by expanding partnerships, extending implementation to a wider geographical area, reaching broader target groups, and increasing the overall impact on citizens, institutions, and places,
- **Replicating the proposal** in new locations by building on positive results, adapting them to different local contexts, and establishing meaningful partnerships that create the conditions for successful implementation in the new setting.

Who can apply?

- **All legal entities**
- **Applicant Eligibility:** All consortium members must be legal entities established in the Member States of the EU and/or in Third countries associated with Horizon Europe (countries associated with Pillar 2 are not eligible for this call).
- **Consortium Composition:**
 - between 2 and 4 partners:
 - At least the **lead partner must have been part of the previous consortium** of the 2025 or 2026 Connect NEB or Co-create NEB projects, as lead partner or otherwise (see Annex 4)
 - At least 2 entities must be independent of each other
 - One partner must be a **local/regional** authority or an entity affiliated with a local/regional authority.
 - In the case of an affiliated entity: submit legal registration/official document or a Declaration of Affiliation template.
 - **Lead partner:** Applicants can only be selected for funding as lead partners for one proposal. Where multiple proposals are submitted with the same lead partner, only the first proposal submitted will be deemed eligible.

KPIs and Deliverables

KPIs

EITHE08.1

Participants in (non-degree) education and training (min. 50)

KSN03 (optional)

Public realm improvement (min. 1)

Deliverables

1. Final Report

Detailed final report presenting the **activities implemented, the methodology, the results achieved, outputs and outcomes, overall impact**, and final project conclusions. It will include an **overview of the costs** associated with the activities, feedback on potential impacts on local policies and strategies, and the steps taken to ensure the **sustainability of the project**, including recommendations for future replication.

2. Results Dissemination Report

Key project results, achievements, and/or success stories through an accessible and engaging format (e.g., **booklet, website, video, policy paper, or another relevant format**), to effectively communicate the project's impact and relevant experiences to target stakeholders, participants, and/or wider audiences, using a clear structure and visually appealing approach to ensure **effective dissemination of results**.

Budget

- **Maximum EIT funding:** up to this EUR 92,500.00
- **Co-funding:** Own funding from partners must represent a minimum of 20% of the total budget
- **Costs eligibility:** Information on the eligibility of your project's budget costs, please refer to the document [Eligibility of Expenditure](#).
- **All partners must have a budget allocated** (participation of partners with a total budget of EUR 0 is not permitted), either from [EIT funding and/or from co-funding](#).

Payment Arrangements

The payment management will differ depending on the KIC coordinating the project, according to the proposal's primary thematic area.

For projects coordinated by EIT Urban Mobility and EIT Food:

- **25% pre-financing payment of the EIT funding** upon signature of the contract documents:
 - Financial Support Agreement (FSA) + Declaration of Honour (DoH)
- **max. 50% of EIT budget**
 - Interim report + interim cost report
- **100% costs reported and approved** upon submission and approval of the mandatory deliverables and the KPIs.
 - The assessment and final payment will be based on the completion and quality of the deliverables and KPIs, and the costs report.
 - A grant reduction may apply depending on the level of completion (Implementation Handbook).

For projects coordinated by Climate KIC:

- **50% pre-financing payment** of the EIT funding upon signature of the contract documents:
 - Financial Support Agreement (FSA) + Declaration of Honour (DoH)
- **50% final payment of the EIT funding** upon submission and approval of the mandatory deliverables and the KPIs.
 - The assessment and final payment will be based on the completion and quality of the deliverables and KPIs, and the costs report.
 - A grant reduction may apply depending on the level of completion (Implementation Handbook).

Admissibility

- Applications must be submitted **before the call deadline (17 November, 17h CET)**
- Applications must be submitted using the application forms provided in the EIT Urban Mobility **Programmes portal (NetSuite)** (see Section 7.2).
- All **partners must be registered EIT Urban Mobility Programmes Portal** (NetSuite) and **must have completed the Partner Information Form (PIF)**, including their correct PIC number.
- Applications **must be complete** and contain all parts and, if any, supporting documents.
 - Supporting document required:
 - Proposals that do not include a public authority in the consortium must include an affiliated entity among their partners. In such cases, a Declaration of Affiliation must be submitted. Template in the Web page.
- Applications and their supporting documents must be **written in English**, and must be readable, accessible and printable.
- Applications must **respect the characters' limits** established in the application form

Applications missing the mandatory supporting document (if applicable) or submitting blank or wrong documents will be automatically rejected during the admissibility check.

5	• Budget
70	maximum total score

3 external evaluators (60%)
+ 1 internal evaluator (40%)

Evaluation

Selection of 4 proposals

1. Proposals **equal or above 45 points** will be ranked by score **within their primary thematic area**: Climate, Urban Mobility or Food (1 per thematic area)
2. After the top-ranked proposal from each thematic area has been selected, the **fourth project will be the highest-scoring remaining proposal**, regardless of thematic area.
3. If no proposals within one or more primary thematic areas reach the threshold, **proposals may be considered for funding under their secondary thematic area**, if indicated in the application form. Such proposals will be considered according to their ranking order and provided that the secondary thematic area is relevant to the project.
4. Where no suitable proposals with a relevant secondary thematic area are available, remaining positions may be filled by the next highest-ranked proposals across all thematic areas, by score.

If as a result of the evaluation, two or more proposals receive the same scoring, funding prioritisation will be based on geographical spread within the EIT Community NEB Portfolio

How to submit a proposal

Before starting to draft a proposal, all applicants must follow the following steps:

Step 1: Obtain a Participant Identification Code (PIC)

All applicants submitting to this Call must register themselves in the [EU Funding & Tenders Opportunities Portal](#) to obtain a valid nine-digit PIC number.

Step 2: Register or access the EIT Urban Mobility Programmes Portal (NetSuite)

- If you are already registered in the EIT Urban Mobility [Programmes Portal \(NetSuite\)](#), please log in by going to step 3.
- If you have never registered in the system, please go to the [Programmes Portal \(NetSuite\)](#) and click on “Register”. Then select **Option 1: “I am an organisation/individual or an existing EITUM Academy student applying for EITM Calls”** and complete the **Partner Information Form (PIF)** with the required details.
- All partners of a project need to have a PIC and register in **NetSuite**

How to submit a proposal

Before starting to draft a proposal, all applicants must follow the following steps:

Step 3: Create a proposal

- Navigate to: *>Grant Management>Grant Management> Open Calls*
- Select the call Enhance NEB 2027
- Complete all mandatory fields of the online application form.

Excellence

* Need and relevance: Project background and social context

Describe the local challenge that has motivated your proposal. Identify the community affected and indicate whether you or any of the partners are part of this community or have previously worked with it. Explain how this challenge relates to your previous Connect NEB or Co-create NEB project, indicating whether it is a continuation, a new challenge, or an evolution of the previous work and why you have chosen that path (Please focus on the challenge rather than the proposed solution).

0 / 1300

* Enhance strategy

Explain the strategic direction of this proposal in relation to the previously implemented Connect NEB or Co-create NEB project, identifying and justifying the key pathway(s) it is pursuing in alignment with the Enhance NEB programme goals: strengthening, scaling up, or replicating the project in a new location. Explain why this approach is appropriate for your project and whether this connects to a wider transformation potential.

0 / 1500

Alignment with the New European Bauhaus

* Briefly reflect on how your project aims to be sustainable (circularity, long-term thinking, environmental impact)

Work Package

Create the number of Work Packages needed to organise the project's activities, considering a minimum of one and a maximum of four. A higher number of Work Packages will not be considered as a positive evaluation criterion; only the clear presentation of the timeline and activities will be assessed.

In the WP Description, ensure that the activities are presented in a coherent timeline. For each time period or section of the work plan, describe the main activities and specify the key expected results for each activity.

Deliverables

Please add the two mandatory deliverables to the relevant created work packages:

!

- Name: Final Report
- Description: Detailed final report presenting the activities implemented throughout the project implementation phase, the methodology and work plan followed, the results achieved, outputs and outcomes, overall impact, and final project conclusions. The report should also include an overview of the costs associated with the activities, feedback on potential impacts on local policies and strategies, and the steps taken to ensure the sustainability of the project, including recommendations for future replication or scaling up of the completed activities.
- Achievement date: End of the project

- Name: Results Dissemination Report
- Description: Deliverable presenting the key project results, achievements, and/or success stories through an accessible and engaging format (e.g. booklet, website, video, policy paper, or another relevant format). The deliverable should effectively communicate the project's impact, outcomes, an/or relevant experiences to target stakeholders, project participants, and/or wider audiences, using a clear structure and visually appealing approach to ensure effective dissemination of results.
- Achievement date: End of the project

NOTE: Deliverables can only be added once the Work Package is created and must be added directly to the assigned Work Package.
