1. Overview of EIT Urban Mobility

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

EIT Urban Mobility is an initiative of the European Institute of Innovation and Technology (EIT). Since January 2019 we have been working to encourage positive changes in the way people move around cities in order to make them more liveable places. We aim to become the largest European initiative transforming urban mobility. Co-funding of up to € 400 million (2020-2026) from the EIT, a body of the European Union, will help make this happen.

We create systemic solutions that will ***move more people around the city more efficiently and free up public space.***

We bring ***all key players in urban mobility together*** *to avoid fragmentation and achieve more.*

We engage cities and citizens *from the word go, giving them the opportunity to become true agents of change.*

The EIT Urban Mobility S.L delivers breakthrough innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of European corporations, SMEs, start-ups, universities, and research institutes.

As a Knowledge and Innovation Community (KIC) of the European Institute of Innovation and Technology (EIT), the EIT Urban Mobility S.L is focused on entrepreneurship and is at the forefront of integrating education, research, and business by bringing together students, researchers, engineers, business developers and entrepreneurs. This is done in a pan-European network of Co-Location Centers (CLCs), 5 Limited Liability Companies respectively based in Germany, Czech Republic, Denmark, the Netherlands, and Spain and the EIT Urban Mobility Foundation.

We create systemic solutions that will move more people around the city more efficiently and free up public space.

We bring all key players in urban mobility together to avoid fragmentation and achieve more.

2. Background Information, General Objectives and Scope of Work

2.1. Background information

EIT KIC Urban Mobility S.L.U., hereby being referred to as "EIT UM" or as the "Company", consists of a network of over 250 partners, who are Europe's leading companies, research and education institutions, and cities. They all support outreach, are actively engaged via EIT Urban Mobility regional offices (called Innovation Hubs) and cover the complete value chain from vehicle and traffic technologies to urban planning, data services, energy, retail, financial services, and engineering.

Events are an important component of EIT UM's communications strategy and play a pivotal role when it comes to strengthening our community and attracting new members. They also serve as a key channel for disseminating the success and impact of EIT UM´s activities.

Since 2022, EIT UM has organised an annual face-to-face gathering of all our partners. This 2-day event used to be called EIT Urban Mobility Partners' Day, but since 2025 it is called EIT Urban Mobility Community Days ("Community Days"). Previous editions took place in Barcelona (Spain) in 2022, Amsterdam (The Netherlands) in 2023, Prague (Czech Republic) in 2024, Munich (Germany) in 2025 and Copenhagen (Denmark) in 2026.

2.2. General objectives

By the present procurement procedure, EIT Urban Mobility, hereinafter being referred to as "EIT UM", is aiming to identify an Event Venue, hereinafter being referred to as "The Venue" or "Venue, based in Brussels to host our Community Days 2027 events and provide catering, furniture, staff, branding and audiovisual support. This document, along with its annexes, constitutes a Request for Proposal (RFP) issued by EIT Urban Mobility for a potential procurement of services in the field of events.

Community Days 2027 will comprise a series of strategic meetings and stakeholder engagement activities. The objectives and requirements for each event are detailed in the following sections:

Community Days:

The 2027 edition of EIT Urban Mobility Community Days will take place in Brussels (Belgium) on 16th and 17th March 2027. EIT UM intends to gather all partners from different European locations under one roof and organize a 2-day event designed just for them. Exact timings are still to be decided. It will be held as an in-person by invitation-only event, and we are expecting to have approximately 250 participants.

EIT UM aims at reaching the following objectives with this event:

- Reinforcing the strong feeling of community and belonging to the EIT Urban Mobility community for all our partners and key stakeholders. Our network consists of cities, regions, ministries, SMEs, large industry, universities, research centres, NGOs, and clusters where co-creation and a pan-European perspective on urban mobility is at the core of the activities we do.
- Raising awareness of how powerful our community is, including the main stakeholders and leaders in the mobility sector.
- Transforming potential leads into EIT Urban Mobility Partners. Some of our ready-to-be partners will also be invited to the event.
- Fostering a programme focused mainly on networking, matchmaking, providing visibility to our network, and fostering-public private dialogue, always showcasing EIT Urban Mobility as a neutral voice and collaborator for European innovation in urban mobility.
- Strengthen our presence and visibility in Brussels from an EU Affairs perspective, while creating opportunities to engage key stakeholders from the European Commission and European Parliament.

The format of the event will be as follows:

- On Day 1 (16th March 2027) from around 8.00am until 18.00pm (exact timings to be defined), the Community Days will take place at the main event venue. During these hours, there will be several plenary sessions at the main event hall, a number of interactive workshops in breakout rooms and time for networking during the lunch break and the morning and afternoon coffee breaks.
- On Day 1 (16th March 2027) from around 18.00pm (exact timing to be defined), there will be a 2- or 3-hour networking dinner at the main event venue. The dinner will be held in a cocktail format to maximise networking opportunities amongst all guests.
- On Day 2 (17th March 2027) from around 8.00am until 16.00pm (exact timings to be defined) the conference programme will continue at the main event venue. As on Day 1, there will be plenary sessions, breakout sessions, a morning coffee break and a lunch break.

As part of this year's programme, three additional meetings will take place on 15th March 2027, the day before Community Days:

- RAPTOR Summit
- Supervisory Board Meeting
- City Club Advisory Group Meeting

RAPTOR Summit:

The RAPTOR Cities session is planned as a dedicated meeting within the wider Community Days event, bringing together representatives of cities and startups/SMEs participating in the RAPTOR programme. Integrating the Summit into Community Days allows RAPTOR participants to meet in person to exchange experiences, discuss pilot results and lessons learned, and explore opportunities for continuation and replication, while also participating in and benefiting from the broader Community Days programme. Organising the meeting within the larger event also creates operational efficiencies by using the same venue, catering and event infrastructure rather than organising a separate standalone event.

Including the RAPTOR Cities session within Community Days will:

- create synergies between the RAPTOR community and the wider EIT Urban Mobility ecosystem;
- provide an efficient setting to collect feedback and lessons learned from participating cities and companies;
- support identification of opportunities for continuation, replication and scaling of successful RAPTOR solutions;
- increase the visibility of RAPTOR results within the wider EIT Urban Mobility community;
- strengthen engagement and relationships with participating cities and startups/SMEs; and
- optimise resources and organisational costs by integrating the meeting into an existing larger EIT Urban Mobility event.

Supervisory Board Meeting:

The Supervisory Board is the highest governing and oversight body of the EIT Urban Mobility legal entity. As part of its mandate, the Board is responsible for supervising the activities, performance, and strategic direction of the KIC Legal Entity, as well as overseeing the work of the Management Team.

Community Days represent one of the most important annual gatherings within the EIT Urban Mobility ecosystem, bringing together partners, stakeholders, innovators, public authorities, and representatives of the wider mobility community. Given the significance of this event, it provides a unique opportunity for the Supervisory Board to gain direct insight into the activities, achievements, challenges, and emerging priorities of the organisation.

Holding the Supervisory Board meeting during Community Days also enables Board members to engage directly with key stakeholders, including members of the EIT Urban Mobility Association, ecosystem partners, and other relevant actors. These interactions provide valuable perspectives that support the Board in carrying out its supervisory responsibilities and making informed governance decisions.

Integrating the Supervisory Board meeting into Community Days creates significant value for EIT Urban Mobility by strengthening the Board's ability to fulfil its oversight and governance functions. Through direct exposure to the activities and strategic discussions taking place during the event, Board members can obtain a more comprehensive understanding of the organisation's performance, priorities, and future challenges.

The Community Days environment also allows the Supervisory Board to interact directly with the EIT Urban Mobility ecosystem, helping members identify emerging trends, opportunities, and risks affecting the urban mobility sector. This contributes to more informed strategic guidance and more effective supervision of both the KIC Legal Entity and its Management Team.

Furthermore, combining the Supervisory Board meeting with Community Days enhances governance efficiency by facilitating engagement with a broad range of stakeholders in a single setting. It reinforces transparency, strengthens the relationship between the Board and the community it serves, and ensures that oversight activities are carried out with a thorough understanding of the ecosystem in which EIT Urban Mobility operates.

City Club Advisory Group Meeting:

The City Club Advisory Group (CCAG) brings together representatives of Leading Cities within the EIT Urban Mobility community to provide strategic advice and a city perspective on EIT Urban Mobility's activities, priorities and future direction. The group provides a structured forum for cities to exchange experiences and best practices, discuss common urban mobility challenges and emerging priorities, and contribute insights that can inform the development of EIT Urban Mobility's activities and engagement with public authorities.

Holding the City Club Advisory Group Meeting immediately before Community Days will enable participating city representatives to discuss strategic topics among peers while also connecting these discussions directly with the wider EIT Urban Mobility ecosystem. Community Days brings together cities and regions, industry, startups and SMEs, universities, research organisations and other key stakeholders, creating an opportunity for CCAG members to engage with different parts of the community and identify areas where stronger collaboration can help address city needs and accelerate the uptake of innovative mobility solutions.

Integrating the City Club Advisory Group Meeting into Community Days will:

- strengthen the role of cities in providing strategic input into EIT Urban Mobility's activities and priorities;
- provide a dedicated setting for Leading Cities to exchange experiences, challenges, lessons learned and good practices;
- identify shared and emerging urban mobility priorities that can inform future EIT Urban Mobility activities;
- connect city needs and perspectives with the expertise, solutions and innovation capacity available across the wider EIT Urban Mobility ecosystem during Community Days;
- foster collaboration, peer learning and opportunities for replication and uptake between public authorities and other members of the community;
- strengthen relationships between EIT Urban Mobility and key city representatives;

- facilitate participation and maximise attendance by organising the meeting around a major EIT Urban Mobility event, particularly in the context of limited travel budgets, allowing city representatives to combine both activities within the same trip; and
- optimise resources and organisational costs by integrating the meeting into the wider Community Days event and making use of the same venue and event infrastructure.

Ordering of Services, non-applicability of Supplier's (standard) terms and conditions

Supplier does not commit to provide the Services exclusively to EIT UM, unless and to the extent provided in Annex 1 for certain specific types of Services.

The contractual relationship between EIT UM and Supplier shall solely be governed by the terms and conditions of this Agreement. Supplier remains at all times responsible for the work performed by its subcontractors and for the acts, defaults and negligence of such subcontractors, and no subcontract shall create any contractual relationship between any subcontractor and EIT UM. Additional requirements relating to subcontracting may be provided in Annex 1, as the case may be.

In order for EIT UM and Supplier to monitor the proper performance of the Services throughout the Term of the Agreement (as described in Article 0 below), Supplier shall report to EIT UM progress of the performance of the Services, in writing, at intervals and under

conditions specified under Annex 1. Supplier shall provide EIT UM with time sheets describing the tasks performed by Supplier and the time spent on each task, pursuant to the regularity provided under Annex 1 and pursuant to the time sheet template provided by EIT UM separately.

If, for whatever reason, Supplier is not able to perform the agreed Services, or is not able to meet the deadlines agreed in Annex 1, Supplier shall notify EIT UM hereof promptly in writing, and shall take any reasonable measure to mitigate the consequences of such situation, in agreement with EIT UM.

Services delivered are subject to the acceptance of EIT UM. EIT UM shall issue a performance certificate after completion of Services. Should EIT UM fail to reject part, or all of the Services provided within fifteen (15) (or other deadline set forth in Annex 1) calendar days as from such delivery, on the grounds of a lack of quality or compliance, or because of late delivery, Services shall be considered as accepted. Should EIT UM reject a Service (within the above deadline) because of lack of quality or compliance, and such failure is capable of remedy, Supplier shall re-perform the rejected (part of the) Service promptly (but no later than five (5) calendar days in absence of any further instructions) at no additional charge for EIT UM. Should such failure be not capable of remedy (given the type of Service and/or the extent of the failure) or should the delivery have occurred after an essential delivery deadline which renders the Service irrelevant or useless, the Services at stake shall be considered as rescinded, and EIT UM is not obliged to provide any compensation to Supplier for such Services.

Modifications to the Services and/or other provisions of this Agreement may only be agreed by the Parties as per the EIT UM procurement rules, i.e. if:

(a) mutually agreed in writing, and
(b) the need for modification has been brought about by circumstances which a diligent contracting entity could not foresee; and

The payment term applying to Supplier invoices fulfilling the requirements of this 0 is fixed in Annex 1.

All amounts corresponding to the compensation per Service, as fixed in Annex 1, shall be fixed tariffs, which may not be revised during the Term of this Agreement (as described in Article 0 below), unless specifically provided otherwise in Annex 1 (and within the limits of the price revision mechanisms authorised under the procurement procedure).

Supplier may charge expenses to EIT UM, to the extent Annex 1 provides for such possibility. Expenses shall only be paid if EIT UM has given its written approval prior to Supplier incurring said costs.

All tariffs are gross amounts but exclusive of any value added tax (VAT), sales tax, GST, consumption tax or any other similar tax ("**Taxes**").

If the Services under this Agreement are subject to any other Taxes, Supplier may charge such Taxes to EIT UM, which taxes shall be paid by EIT UM in addition to the compensation for Supplier. Supplier is responsible for paying any applicable Taxes to the appropriate (tax) authorities.

In addition to Articles 0 and 0, all social security, fiscal charges or taxation of any kind and contributions of any kind including but not limited to value added, levies, withholdings, unemployment, medical insurance and insurance of any kind, pensions, national insurance

Supplier shall perform the Services hereunder as an independent Event Venue and not as an agent of EIT UM and nothing contained in the Agreement is intended to create a partnership, joint venture, or employment relationship between the Parties irrespective of the extent of economic dependency of Supplier on EIT UM.

Supplier shall indemnify and keep EIT UM harmless from any claims from any authority for payment of any Contributions, including all interest charged in respect thereof, surcharges and possible administrative fines in connection with the Services performed by Supplier on the basis of the Agreement.

Supplier shall have no right, title, or interest in any of these items nor any trademark or trade name from EIT UM.

By exception to Article 0, Intellectual Property Rights owned or controlled by Supplier before the start of the performance of the Services shall remain the ownership of Supplier ("**Background IP**").

Supplier hereby grant a non-exclusive, royalty-free and fully paid-up, worldwide, irrevocable and perpetual license under its Background IP used for the performance of the Services, to EIT UM, with the right to sublicense, for the use, make, have made, build-in, market, sell, lease, license distribute and/or otherwise dispose of the Services and/or Deliverables.

Supplier shall not, without EIT UM' prior written consent, publicly make any reference to EIT UM, whether in press releases, advertisements, sales literature or otherwise.

Unless expressly specified otherwise in Annex 1,

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, partners, contractors and employees in respect of any and all claims, damages, costs and expenses (including but not limited to loss of profit and reasonable attorneys' fees) in connection with any third party claim that any of the Services alone or in any combination or their use infringes any third party IPRs, or, if so directed by EIT UM, shall defend any such claim at Supplier's own expense. EIT UM shall give Supplier prompt written notice of any such claim, provided, however, any delay in notice shall not relieve Supplier of its obligations hereunder except to the extent it is prejudiced by such delay. Supplier shall provide all assistance in connection with any such claim as EIT UM may reasonably require.

If any Services alone or in any combination, provided under the Agreement are held to constitute an infringement or if their use is enjoined, Supplier shall, as directed by EIT UM, but at its own expense: either 1) procure for EIT UM or its users the right to continue using the Services alone or in any combination; or 2) replace or modify the Services alone or in any combination with a functional, non- infringing equivalent.

If Supplier is unable either to procure for EIT UM the right to continue to use the Services alone or in any combination or to replace or modify the Services alone or in any combination in accordance with the above, EIT UM may terminate the Agreement and upon such termination, Supplier shall reimburse to EIT UM the price paid, without prejudice to Supplier's obligation to indemnify EIT UM as set forth herein.

(c) maintain the security, confidentiality, integrity, and availability of the Personal Data;
(d) implement and maintain appropriate technical, physical, organizational, and administrative security measures, procedures, practices, and other safeguards to protect the Personal Data against (i) anticipatable threats or hazards to its security and integrity; and (ii) loss, unauthorized access to, or acquisition or use of or unlawful Processing; and
(e) promptly inform EIT UM of any actual or suspected security incident involving the Personal Data.

Without prejudice to the above, where Supplier in the performance of the Agreement processes Personal Data, the Parties also execute the data processing agreement attached as Annex 2.

To the extent that Supplier allows a (sub)Event Venue to process the Personal Data, Supplier shall ensure that it binds such (sub)Event Venue to obligations which provide a similar level of protection, but in no way less restrictive, as this 0.

Supplier shall, upon the termination of the Agreement, securely erase or destroy all records or documents containing the Personal Data. Supplier accepts and confirms that it is solely liable for any unauthorized or illegal processing or loss of the Personal Data if Supplier fails to erase or destroy the Personal Data upon termination of the Agreement.

Supplier shall indemnify and hold harmless EIT UM, their officers, agents and personnel from any damages, fines, losses, and claims arising out of a breach of this 0.

Liability, indemnification, insurance

Supplier shall indemnify and hold harmless EIT UM, its Affiliates, agents and employees, from and against all suits, actions, legal or administrative proceedings, claims, demands, damages, judgments, liabilities, interest, attorneys' fees, costs and expenses of whatsoever kind or nature (including but not limited to special, indirect, incidental, consequential damages), whether arising before or after completion of the performance of the Services covered by the Agreement, in any manner caused or claimed to be caused by the acts, omissions, faults, breach of express or implied warranty, breach of any of the provisions of this Agreement, or negligence of Supplier, or of anyone acting under its direction or control or on its behalf, in connection with Services or any other information furnished by Supplier to EIT UM under the Agreement.

Supplier warrants that it has taken out sufficient insurance against the aforementioned damage, costs and interest, or has made a sufficient provision for this purpose and is obliged to fully disclose to EIT UM immediately upon initial request all the (policy conditions of the) aforementioned insurance(s) and/or provisions. Supplier shall indemnify EIT UM and shall pay its insurance proceeds to EIT UM and furthermore indemnify for the excess amount of the total claim of damages that is not covered by the insurance of Supplier or any other insurance. EIT UM shall be entitled to take legal action against Supplier.

Neither Party excludes or limits its liability for death or personal injury arising from its own negligence, fraud, breach of confidentiality or for any liability that cannot by law be excluded or limited.

Subject to Article 0, in no event shall EIT UM be liable under any theory of liability, for indirect, incidental, special, consequential or punitive damages, which includes without limitation damages for lost profits or revenues, lost business opportunities, loss of image or lost data, even if EIT UM has been advised of the possibility of such damages and in no event shall

EIT UM be liable to Supplier, its successors or assigns for damages in excess of the amount due to Supplier for complete performance under the Agreement, less any amounts already paid to Supplier by EIT UM.

Subject always to Article 0, depending on the nature of the Services and the liability risk associated therewith, a cap to the liability of Supplier under this Agreement may apply only if expressly mutually agreed in writing in Annex 1.

Suspension, termination of the Agreement

The Agreement is entered into as from the Effective Date (as specified in Annex 1) and shall end by operation of law, without the requirement of prior notice of termination, on the date the last of the Services have been delivered by Supplier, accepted, and paid by EIT UM (the "**Term**").

As an exception to the above, EIT UM may suspend, withdraw, dissolve, or terminate this Agreement fully or partially with immediate effect without incurring any penalty or compensation if and as soon as:

(a) Supplier breaches any of its material obligations under this Agreement and, notwithstanding a written request from EIT UM to repair the current breach and to take appropriate measures to prevent such a breach in the future, fails to comply with such a request within a reasonable deadline fixed by EIT UM in the notice; or
(b) EIT UM, in its reasonable discretion, determines that Supplier is not able to perform the Services as required; or
(c) Supplier fails to provide EIT UM with adequate assurance of performance following request by EIT UM; or
(d) Supplier files a petition for bankruptcy or is declared bankrupt; or
(e) Supplier has become unable to pay its debts as they fall due or make any special arrangement(s) or composition with its creditors;
(f) Supplier enters into voluntary or judicial liquidation;
(g) the business of Supplier ceases to exist or control, or ownership is taken over by a third party;
(h) as a result of the termination of the European programme(s) which requested EIT UM to enter into this Agreement (as the case may be).

As from receipt of a termination notice from EIT UM (under any legal ground), Supplier shall take immediate steps to bring the terminated Services to a closure in a prompt and orderly manner and to reduce expenditure to a minimum.

Supplier may, after giving fourteen (14) calendar days written notice to EIT UM, terminate the Agreement if EIT UM:

(a) Fails for more than one hundred twenty (120) calendar days to pay Supplier the amounts due after the expiration of the payment term stated in 0 or
(b) Consistently fails to meet its material obligations after repeated reminders; or
(c) Suspends the progress of the Services or any part thereof for more than ninety (90) calendar days for reasons not specified in the Agreement, or not attributable to Supplier's breach or default.

Safeguarding of EU's financial interest and conflict of interest

Supplier accepts without reservation that during the implementation of the Agreement and for four (4) years after the completion of the Agreement, EIT UM has the right to transfer the tender proposal and the Agreement with Supplier to: (i) internal audit services; (ii) the EIT; (iii) the European Court of Auditors; (iv) the Financial Irregularities Panel or; (v) the European Anti-Fraud Office, for the purposes of safeguarding the EU's financial interests.

Supplier confirms that it shall take all measures to prevent any situation where the impartial and objective implementation of the Agreement is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). The Supplier is obliged to inform EIT UM immediately if there is any change in the above circumstances at any stage during the implementation of the tasks under the Agreement.

Miscellaneous

All notices given under this Agreement shall be given in writing. Any subsequent change of address shall be promptly notified by the Party concerned to the other Party and embodied in an amendment to the preamble of this Agreement.

In the event that Supplier is prevented from performing any of its obligations under the Agreement for reason of force majeure (being an event unforeseeable and beyond the control of Supplier) and Supplier has provided sufficient proof for the existence of the force majeure, the performance of the obligation concerned shall be suspended for the duration of the force majeure. EIT UM shall be entitled to immediately terminate the Agreement by written notice to Supplier if the context of the non- performance justifies immediate termination, and in any event if the circumstance constituting force majeure endures for more than thirty (30) days and, upon such notice, Supplier shall not be entitled to any form of compensation in relation to the termination. Force majeure on the part of Supplier shall

in any event not include shortage of personnel or production materials or resources, strikes, not officially declared epidemic or pandemic, breach of contract by third parties contracted by Supplier, financial problems of Supplier, nor the inability of Supplier to secure the necessary licenses in respect of software to be supplied or the necessary legal or administrative permits or authorizations in relation to the Services to be supplied.

Supplier shall not transfer, pledge, or assign any of its rights or obligations under the Agreement without the prior written consent of EIT UM. Any such pre-approved, transfer, pledge or assignment shall be null and void and have no effect vis-à-vis such third party.

The rights and remedies reserved to EIT UM are cumulative and are in addition to any other or future rights and remedies available under the Agreement, at law or in equity.

Neither the failure nor the delay of EIT UM to enforce any provision of the Agreement shall constitute a waiver of such provision or of the right of EIT UM to enforce each and every provision of the Agreement.

No course or prior dealings between the Parties, no course of performance, and no usage of the trade shall be relevant to determine the meaning of the Agreement and to modify the provisions of this Agreement.

No waiver, consent, modification, or amendment of the terms of the Agreement shall be binding unless made in a writing specifically referring to the Agreement signed by EIT UM and Supplier.

In the event that any provision(s) of this Agreement shall be held invalid, unlawful, or unenforceable by a court of competent jurisdiction or by any future legislative or administrative action, such holding, or action shall not negate the validity or enforceability of any other provisions of the Agreement. Any such provision held invalid, unlawful, or unenforceable, shall be substituted by a provision of similar import reflecting the original intent of the clause to the extent permissible under applicable law.

All terms and conditions of the Agreement which are destined, whether express or implied, to survive the termination or the expiration of the Agreement, including but not limited to Intellectual Property, Confidentiality and Personal Data, shall survive.

The Agreement shall be governed by and construed in accordance with the laws of the country or state in which the EIT UM ordering entity is located, as applicable.

Supplier and EIT UM each consents to the exclusive jurisdiction of the competent courts in (i) the city in which the EIT UM ordering entity is located; or (ii), at the option of EIT UM, the

jurisdiction of the entity of Supplier to which the order was placed, or (iii), at the option of EIT UM, for arbitration in which case Article 0 applies. Supplier hereby waives all defences of lack of personal jurisdiction and forum non-convenience.

If so chosen by EIT UM in accordance with Article 0, any dispute, controversy, or claim arising out of or in connection with this Agreement, or their breach, termination or invalidity shall be finally settled solely under the International Chamber of Commerce Rules of arbitration (ICC), which Supplier and EIT UM declare to be known to them. Supplier and EIT UM agree that: (i) the appointing authority shall be the ICC-International Chamber of Commerce of Paris, France; (ii) there shall be three (3) arbitrators; (iii) arbitration shall take place in the jurisdiction of the EIT UM entity mentioned in the recitals or, at the option of EIT UM, the jurisdiction of Supplier's entity mentioned in the recitals; (iv) the language to be used in the arbitration proceedings shall be English; and (v) the material laws to be applied by the arbitrators shall be the laws as determined under Article 0.

The United Nations Convention on International Sale of Goods shall not apply to the Agreement.
